The authors' research study is one of the most comprehensive applied studies ever conducted on virtual teams, and all of the recommendations outlined are based on these findings as well as the authors' years of experience helping virtual teams and virtual team leaders effectively lead and collaborate from a distance. To help organizations and leaders enhance virtual team performance, the book includes:

If you're a leader of any type of virtual team and want to help your team members collaborate more effectively, then buy this book. You will learn how to:

- Build trust and cultivate relationships virtually across your team.
- Design and facilitate virtual meetings that are focused and engaging.
- Influence without authority.
- Motivate and galvanize a virtual team for top performance.
- Blend asynchronous and synchronous communications for better virtual collaboration.
- Navigate cross-cultural and generational differences in the absence of vital visual cues.
- Assess skills, strengths, aptitudes, and preferences from afar.
