Reconstructing Times Square Alexander J. Reichl, 1999 When the big ball drops on New Year s Eve thousands are there to witness that great glittering sight while millions more watch on national television Times Square may be the cultural hub of America the Crossroads of the World but its lights have not always shone as brightly as they do now Once a glamorous theater district Times Square and 42nd Street had degenerated into a neighborhood known for the winos and sex shops of Midnight Cowboy until New York s business and arts communities stepped in These advocates of urban revitalization exploited cultural and historic preservation arguments to transform a low income entertainment district into a Disney fied tourist mecca Where Ratso Rizzo once kicked cars and hookers plied their trade Mickey Mouse now greets visitors from atop

a Disney superstore surrounded by rising office towers theaters and theme restaurants all thanks to huge tax subsidies and government support Alexander Reichl tells the fascinating story of how cultural politics and economic greed transformed the city's physical and social environment with an ongoing multibillion dollar redevelopment program changing the district from a symbol of urban decline to one of urban renaissance He explains the political significance of the historic preservation and arts related approach to urban revitalization showing how it was used to appeal to the upscale values of middle class New Yorkers often hostile to urban renewal He also examines the role of the Walt Disney Company in the project and demonstrates its power to redefine a premier public space In telling the story of Times Square Reichl reveals much about politics and power at the city level and their relationship to the development of urban space He frames his lively narrative with an illuminating account of how historic preservation initiatives at all government levels have displaced large scale federal urban renewal programs as the dominant approach to urban development and he shows the importance of political discourse and cultural politics in mobilizing public support for urban redevelopment Now that it has been reconfigured for the 21st century Times Square provides a rich and multifaceted case for exploring the latest trends in urban renewal Yet Reichl suggests much that has happened here is regrettable the ousting of low income citizens to serve commercial interests the loss of a culturally diverse entertainment district and the failure to address persistent class and race based segregation in a central urban area By getting to the heart of the Great White Way Reconstructing Times Square provides an important look at urban renewal and politics in a changing America

Win Bigger by Doing Way Less: Focus, Streamline, and Remove Distractions Today Ahmed Musa ,2025-05-25 Let me hit you with the hard truth You're not losing because you're lazy You're losing because you're doing too damn much Win Bigger by Doing Way Less is not some Zen hug a tree productivity book This is the street smart cutthroat playbook for entrepreneurs creators and grinders who are sick of spinning their wheels and getting nowhere Inside you'll learn how to strip away the noise kill the clutter and zero in on what actually moves the needle We're talking brutal clarity Ruthless prioritization Laser focus You'll find out Why most busy work is just cleverly disguised procrastination How to surgically eliminate time wasters and dopamine traps The 3 question filter that instantly tells you what not to do And the surprising truth about how winners really operate hint they don't hustle 24/7 This book isn't just about doing less It's about doing what matters and crushing everything else under your boots So if you're tired of burnout distraction and slow progress It's time to win Bigger Smarter And with a hell of a lot less effort Read it Apply it Then watch everything change

Computer Vision - ECCV 2024 Aleš Leonardis, Elisa Ricci, Stefan Roth, Olga Russakovsky, Torsten Sattler, Gül Varol, 2024-10-24 The multi volume set of LNCS books with volume numbers 15059 up to 15147 constitutes the refereed proceedings of the 18th European Conference on Computer Vision ECCV 2024 held in Milan Italy during September 29 October 4 2024 The 2387 papers presented in these proceedings were carefully reviewed and selected from a total of 8585 submissions They deal with topics such as computer vision machine learning deep neural networks reinforcement

learning object recognition image classification image processing object detection semantic segmentation human pose
estimation 3d reconstruction stereo vision computational photography neural networks image coding image reconstruction
