The Making of a Yoga Master Suhas Tambe, 2012-07-23 When Suhas Tambe was initiated into the study and life of a yogi through his Indian spiritual master the Yoga Sutras of Patanjali an age old system of guidance were integral to his training Tambe is now a scholar and longterm practitioner of this esoteric wisdom He is also the first Westerner to reveal the hidden sequence of these sutras which he received from his teacher From the time of Patanjali onward 300 BCE the scrambling of the sequence of sutras was a respected tradition Such deliberate confusion was done with a view to preserving the sanctity of these precious teachings Since interpretation of any sutra must bear reference to and consistency with the previous and the following sutra proper sequence becomes a critical factor fundamental to the use of this time honored scripture The key to the real sequence of Yoga S tra was handed down verbally by the guru only to the eligible disciple The Making of a Yoga Master reveals this original sequence which has been hidden for so long Far more than an instruction manual this book is also about one seeker s progression The author who began his search entrenched in materialism he was an accountant with an MBA working in IT was transformed into a devoted Yoga practitioner This path thoroughly changed his life s priorities evolved his purpose and dissolved old habits in a way that will be inspiring to many Yoga not just entered my life he writes but now it is my life The clear and sequential stages of transformation through yoga are documented here as perhaps nowhere else in contemporary literature This new sequence unfolds a practical road map for knowing and practicing the elevation of the seeker s awareness from the physical to more subtle and refined levels and designates observable milestones to determine one s progress on the path The Making of a Yoga Master marries the philosophy of Yoga with clear how to instructions

Dr BS Dabral, PREFACE Yoga has always been more than a collection of postures breathing techniques or meditation practices It is a lived experience a way of aligning the breath the body and the being into harmony with life itself In today s fast paced world many approach yoga either as a physical discipline for fitness or as a quick path to relaxation Yet beneath these surface benefits lies a timeless science of self awareness and transformation carefully preserved and passed down through generations This book Breath Body being A Holistic Guide to Yogic Practice is born from the recognition that yoga must be understood in its wholeness Each chapter is designed as a step along a journey where the individual gradually deepens awareness of subtle energies ethical foundations therapeutic possibilities and the integration of yoga into daily life We begin with the breath the bridge between the physical body and the inner world exploring its role as the foundation of prana the vital life force From there we honor the body as a sacred vessel uncovering alignment principles that respect both safety and inner balance Ethical guidance through the yamas and niyamas offers a compass for living while explorations of stillness reveal the quiet intelligence of the nervous system and fascia As the journey unfolds we turn to sequencing mudra bandha and mantra as gateways to subtle power and onward to the energetic pathways of nadis and chakras that expand our inner maps of awareness Dedicated chapters on pranayama meditation and Ayurvedic rhythms highlight the importance of balance resilience and integration The book also emphasizes *Tracing the Path of Yoga* Stuart Ray Sarbacker, 2021-01-01 Clear accessible and meticulously annotated *Tracing the Path of Yoga* offers a comprehensive survey of the history and philosophy of yoga that will be invaluable to both specialists and to nonspecialists seeking a deeper understanding of this fascinating subject Stuart Ray Sarbacker argues that yoga can be understood first and foremost as a discipline of mind and body that is represented in its narrative and philosophical literature as resulting in both numinous and cessative accomplishments that correspond respectively to the attainment of this worldly power and otherworldly liberation Sarbacker demonstrates how the yogic quest for perfection as such is situated within the concrete realities of human life intersecting with issues of politics economics class gender and sexuality as well as reflecting larger Indic religious and philosophical ideals **Principles and Practice of Geriatric Psychiatry** Mohammed T.
