The Impossible State Wael B. Hallaq, 2012-11-20 Wael B Hallaq boldly argues that the Islamic state judged by any standard definition of what the modern state represents is both impossible and inherently self contradictory Comparing the legal political moral and constitutional histories of premodern Islam and Euro America he finds the adoption and practice of the modern state to be highly problematic for modern Muslims He also critiques more expansively modernity's moral predicament which renders impossible any project resting solely on ethical foundations The modern state not only suffers from serious legal political and constitutional issues Hallaq argues but also by its very nature fashions a subject inconsistent with what it means to be or to live as a Muslim By Islamic standards the state's technologies of the self are severely lacking in moral substance and today's Islamic state as Hallaq shows has done little to advance an acceptable form of genuine Shari'a governance The Islamists constitutional battles in Egypt and Pakistan the Islamic legal and political failures of the Iranian Revolution and similar disappointments underscore this fact Nevertheless the state remains the favored template of the Islamists and the ulama Muslim clergymen Providing Muslims with a path toward realizing the good life Hallaq turns to the rich moral resources of Islamic history Along the way he proves political and other crises of Islam are not unique to the Islamic world nor to the Muslim religion These crises are integral to the modern condition of both East and West and by acknowledging these parallels Muslims can engage more productively with their Western counterparts Islam and Politics Mufti Muhammad Taqi Usmani, 2017 What does an authentic Islamic government look like and how does it operate In this concise but wide ranging book the renowned scholar Mufti Muhammad Taqi Usmani provides an authoritative survey of the guidance given by the canonical Islamic sources in matters of politics In six chapters he examines the role and conduct of politics and political activity in Islam in the light of the Qur'an and the Prophetic Sunnah guidelines for the process of forming a government rules and procedures for running a government the Islamic injunctions concerning defence and foreign policy

and the circumstances in which it may become permissible to remove a ruler or government from office The book is rounded off with two articles by the same author on political affairs with specific reference to Pakistan Islam and Politics is essential reading for those seeking a readable and reliable account of the basic teachings of Islam concerning politics and government Mufti Muhammad Taqi Usmani is one of the world's most prominent scholars of the Islamic sciences and former Justice of the High Court of Pakistan Born at Deoband India in 1943 he studied with leading ulam in Karachi and elsewhere His main fields of expertise are Hadith jurisprudence Sufism and economics Mufti Usmani has published numerous books and articles in Urdu Arabic and English on these and other aspects of Islamic studies

The Politics of Islamic Reassertion (RLE Politics of Islam) Mohammed Ayoob, 2014-03-26 The Iranian Revolution has catalysed the preconceptions holding sway in the Western World about the character of Islam and its politics based as they are on a mixture of imagined cultural superiority and a latent fear of a resurgence similar to the Arab conquests of the seventh and eighth centuries of the long Ottoman domination of Eastern Europe This book constitutes a counterweight to such monolithic perceptions of Islam It surveys the nature of opinion and of government in the larger Muslim regions of the world and the position of Muslims in states where they are not the dominant population Each contributor expresses his own assessment of the regional data and the editor's concluding chapter draws together the threads of a work which will form an important contribution to international understanding and a first breach in the Green Curtain dividing East and West First published in 1981

Between Dissent and Power K. Teik, V. Hadiz, Y. Muslim Politics Dale F. Eickelman, James Piscatori, James P. Piscatori, 2004-08-15 In this updated paperback edition Dale Eickelman and James Piscatori explore how the politics of Islam play out in the lives of Muslims throughout the world They discuss how recent events such as September 11 and the 2003 war in Iraq have contributed to reshaping the political and religious landscape of Muslim majority countries and Muslim communities elsewhere As they examine the role of women in public life and Islamic perspectives on modernization and free speech the authors probe the diversity of the contemporary Islamic experience suggesting general trends and challenging popular Western notions of Islam as a monolithic movement In so doing they clarify concepts such as tradition authority ethnicity protest and symbolic space notions that are crucial to an in depth understanding of ongoing political events This book poses questions about ideological politics in a variety of transnational and regional settings throughout the Muslim world Europe and North America for example have become active Muslim centers profoundly influencing trends in the Middle East Africa Central Asia and South and Southeast Asia The authors examine the long term cultural and political implications of this transnational shift as an emerging generation of Muslims often the products of secular schooling begin to reshape politics and society sometimes in defiance of state

authorities Scholars mothers government leaders and musicians are a few of the protagonists who invoking shared Islamic symbols try to reconfigure the boundaries of civic debate and public life These symbolic politics explain why political actions are recognizably Muslim and why Islam makes a difference in determining the politics of a broad swath of the world
