

The background of the slide is a rich, textured painting of a medieval city. In the foreground, a stone castle with multiple towers and battlements sits on a hill. Two tall, slender flagpoles with red and white striped flags stand prominently in front of the castle. To the left of the castle, a large, ornate church with a tall, pointed spire rises above the rooftops. The city is densely packed with buildings, and the overall color palette is dominated by earthy tones like browns, tans, and greys, with accents of red from the flags and green from distant hills. The style is reminiscent of a classical or romanticized historical painting.
