## **A History Of The Colonization Of Africa By Alien Races:**

A History of the Colonization of Africa by Alien Races Harry Johnston, 1899 Sir Harry Johnston 1858-1927 is remembered as a key figure in the New Colonial period of the late nineteenth century. This volume forms part of the Cambridge Historical Series and expresses Johnston's perspective on the process of African colonization. Whilst areas of the book are inevitably outdated, it remains an invaluable document of the colonial age and its mindset, written from first-hand experience. This 1913 edition includes extensive changes from the 1899 original, reflecting the author's wish for the text to remain relevant to the contemporary political context. It will be an important resource for anyone with an interest in African colonial history and historiography.

Much has happened since 1905 which forms an essential part of the history of the colonization and development of Africa by alien races. The old maps have been revised and new ones drawn.
