A History Of The Ayyubid Sultans Of Egypt Library Of Classical Arabic Literature V 5:

A History of the Ayyūbid Sultans of Egypt Aḥmad ibn 'Alī Maqrīzī, 1980 *Medieval Boundaries* Sharon Kinoshita, 2013-03-01 In *Medieval Boundaries* Sharon Kinoshita examines the role of cross cultural contact in twelfth and early thirteenth century French literature Starting from the observation that many of the earliest and best known works of the French literary tradition are set on or beyond the borders of the French speaking world she reads the *Chanson de Roland* the *lais* of Marie de France and a variety of other texts in an expanded geographical frame that includes the Iberian peninsula the Welsh marches and the eastern Mediterranean In Kinoshita's reconceptualization of the geographical and cultural boundaries of the medieval West such places become significant not only as sites of conflict but also as spaces of intense political economic and cultural negotiation An important contribution to the emerging field of medieval postcolonialism Kinoshita's work explores the limitations of reading the literature of the French Middle Ages as an inevitable link in the historical construction of modern discourses of Orientalism colonialism race and Christian Muslim conflict Rather drawing on recent historical and art historical scholarship Kinoshita uncovers a vernacular culture at odds with official discourses of crusade and conquest Situating each work in its specific context she brings to light the lived experiences of the knights and nobles for whom this literature was first composed and in a series of close readings informed by postcolonial and feminist theory demonstrates that literary representations of cultural encounters often provided the pretext for questioning the most basic categories of medieval identity Awarded honorable mention for the 2007 Modern Language Association Aldo and Jeanne Scaglione Prize for French and Francophone Studies **Egypt and Syria in the Fatimid, Ayyubid and Mamluk Eras IV** Urbain Vermeulen, J. van Steenbergen, 2005 Each volume deals with a wide variety of scholarly subjects all revolving around the central theme of Syro Egypt's high and late medieval history Topics dealt with include archaeology architecture codicology economic political and religious history as well as belles lettres **Caesarea Philippi** John Francis Wilson, 2004-07-23 Sometime in 1997 the ancient city of Baniyas passed its 2000th anniversary yet there was no celebration John Francis Wilson brings us the story of Baniyas or ancient Caesarea Philippi the city that sat at the source of the Jordan River in what are now known as the Golan Heights region In doing so he brings to life a city whose history is a microcosm of that of the Middle East itself Baniyas story starts in Canaanite times Under Herod Phillip died AD 34 it became Caesarea Philippi and was a focal point for the cult of the god Pan throughout the Roman period With the accession of the Christian Emperor Constantine its pagan heritage brought it into conflict with emerging Christianity In the following centuries came Arab conquest the Crusades neglect and decay rediscovery in the 19th century by European travellers and finally its destruction in the Six Days War after being occupied by Israeli forces Wilson reminds us that cities without people are desolate interspersed amongst the invasions and religious conflicts are the people whose lives touched the life of this city Herod the Great and his sons Jesus of Nazareth the emperors Vespasian and Titus Saladin and even Samuel Clemens

otherwise known as Mark Twain John Francis Wilson has had complete access to the site and has drawn upon a wealth of sources in order to provide the first comprehensive history of this remarkable city Its story will make fascinating reading to historians general readers and those interested in the archaeology and narrative of the Near East **Jerusalem, 1000-1400** Barbara Drake Boehm ,Melanie Holcomb,2016-09-14 Medieval Jerusalem was a vibrant international center home to multiple cultures faiths and languages Harmonious and dissonant voices from many lands including Persians Turks Greeks Syrians Armenians Georgians Copts Ethiopians Indians and Europeans passed in the narrow streets of a city not much larger than midtown Manhattan Patrons artists pilgrims poets and scholars from Christian Jewish and Islamic traditions focused their attention on the Holy City endowing and enriching its sacred buildings creating luxury goods for its residents and praising its merits This artistic fertility was particularly in evidence between the eleventh and fourteenth centuries notwithstanding often devastating circumstances from the earthquake of 1033 to the fierce battles of the Crusades So strong a magnet was Jerusalem that it drew out the creative imagination of even those separated from it by great distance from as far north as Scandinavia to as far east as present day China This publication is the first to define these four centuries as a singularly creative moment in a singularly complex city Through absorbing essays and incisive discussions of nearly 200 works of art Jerusalem 1000 1400 Every People Under Heaven explores not only the meaning of the city to its many faiths and its importance as a destination for tourists and pilgrims but also the aesthetic strands that enhanced and enlivened the medieval city that served as the crossroads of the known world Subject Catalog, 1981 Library of Congress,1981

Egypt and Syria in the Fatimid, Ayyubid and Mamluk Eras: Proceedings of the 9th and 10th International Colloquium organized at the Katholieke Universiteit Leuven in May 2000 and May 2001 ,2005 American Book Publishing Record ,1981 **National Union Catalog, 1981** ,1982 Das Kreuzfahrerfürstentum Galiläa Martin Rheinheimer,1990 Das Fürstentum Galiläa war die älteste Baronie im Königreich Jerusalem und eine der größten Nach einer kurzen Einführung werden Abfolge und Genealogie der Fürsten und ihre innere Entwicklung des Fürstentums sowie sein Verhältnis zu König und Reich behandelt Dabei richtet sich der Blick insbesondere auf Fragen der Herrschaftsbildung und die Institution Seigneurie Ein Ausblick ins 13. Jahrhundert schließt die Arbeit ab
