Roster of the Confederate Soldiers of Georgia Vol. 13 John C. Rigdon, 2013-03-12 This book contains the compiled service records of Confederate soldiers who served in the following Georgia units 57th Infantry Regiment 59th Infantry Regiment 60th Infantry Regiment 61st Infantry Regiment 62nd Infantry Regiment **The Opening Battles** Kevin Campbell, 2016-06-10 Author Kevin Campbell in this work examines in detail the swirling cavalry fight at Brandy Station He also gives a lucid well written account of the debacle that befell Robert H Milroy and his ill fated division at Winchester and Carters Woods Those battles bloody in their own right were soon relegated to the back pages when the horrific Battle of Gettysburg began dominating the press and the postwar reminiscences of the veterans We can learn much from this new work with its treasury of pertinent eyewitness accounts and clear prose His skill in digging through the regimentals official records diaries and other materials is evident as well as his ability to interweave them into a cohesive narrative that brings the battles personalities and long hours of marching to light **The Maps of Spotsylvania Through Cold Harbor** Bradley M. Gottfried, 2023-01-04 The Maps of Spotsylvania through Cold Harbor continues Bradley M Gottfried s efforts to study and illustrate the major campaigns of the Civil War s Eastern Theater This is the ninth book in the ongoing Savas Beatie Military Atlas Series After three years of bloody combat in Virginia President Abraham Lincoln promoted Ulysses S Grant to general

in chief in early 1864 Grant immediately went to work planning a comprehensive strategy to bring an end to the war He hungered to remain with the Western armies but realized his place was in Washington Unwilling to be stuck in an office Grant joined George Meade s Army of the Potomac His presence complicated Meade s ability to direct his army but Grant promised to stay out of his way and give only strategic directives This arrangement lasted through the Wilderness Campaign the first action in what is now referred to as the Overland Campaign This book continues the actions of both armies through the completion of the Overland Campaign After the Wilderness fighting the Army of the Potomac attempted to swing around the right flank of Gen Robert E Lee s Army of Northern Virginia and shoot straight for Richmond The Confederate capital was never the goal the move was intended to force Lee out into the open where the larger and well stocked Union army could destroy it The head of Lee s army blunted the enemy at Spotsylvania Court House where both sides dug in Days and men were wasted on fruitless attacks until Col Emory Upton designed an audacious strike that temporarily penetrated Lee s works A much larger offensive against the Mule Shoe two days later tore the line open destroyed a Rebel division and triggered a long day of fighting More fighting convinced Grant of the folly of further attempts to crush Lee at Spotsylvania and again he swung around the Rebel right flank The march ignited almost continuous fighting at the North Anna Bethesda Church and Cold Harbor where this volume ends This study includes the various cavalry actions including those at Spotsylvania Court House Yellow Tavern Haw s Tavern and Matadequin Creek The Maps of Spotsylvania through Cold Harbor breaks down the entire operation into thirty five map sets or action sections enriched with 134 detailed full page color maps These cartographic originals bore down to the regimental and battery level and include the march to and from the battlefields and virtually every significant event in between At least two and as many as ten maps accompany each map set Keyed to each piece of cartography is a full facing page of detailed footnoted text describing the units personalities movements and combat including quotes from eyewitnesses depicted on the accompanying map all of which make the Spotsylvania story come alive This unique presentation allows readers to easily and quickly find a map and text on any portion of the campaign from the march to Spotsylvania to Cold Harbor Serious students will appreciate the extensive and authoritative endnotes and complete order of battle Everyone will want to take the book along on trips to these battlefields Perfect for the easy chair or for stomping the hallowed ground The Maps of Spotsylvania through Cold Harbor is a seminal work that belongs on the bookshelf of every serious student of the battle

The Maps of the Wilderness Bradley Gottfried, 2016-03-14 The Maps of the Wilderness An Atlas of the Wilderness Campaign May 2 7 1864 continues Bradley M Gottfried s efforts to study and illustrate the major campaigns of the Civil War s Eastern Theater This is his fifth book in the ongoing Savas Beatie Military Atlas Series The previous four were The Maps of Gettysburg 2007 The Maps of First Bull Run 2009 The Maps of Antietam 2012 and The Maps of the Bristoe Station and Mine Run Campaigns 2013 This latest magisterial work breaks down the entire campaign and all related operational maneuvers into 24 map sets or action sections enriched

with 120 original full page color maps These spectacular cartographic creations bore down to the regimental and battery level The Maps of the Wilderness includes an assessment of the winter of 1863 1864 the planning for the campaign the crossing of the Rapidan River and two days of bloody combat and the day of watchful stalemate thereafter At least one and as many as eight maps accompany each action section Opposite each map is a full facing page of detailed footnoted text describing the units personalities movements and combat including quotes from eyewitnesses depicted on the accompanying map all of which make the story of the first large scale combat of 1864 come alive Each cartographic snapshot also serves to unlock everything ever written on the subject This detailed coverage also includes an order of battle interview with the author bibliography and an index This original presentation leads readers on a journey through the epic battle that would prove to be the opening salvo in a prolonged fight that would not end until the Confederates surrendered at Appomattox in April 1865 The Wilderness Campaign has two unique characteristics First although he did not command the Army of the Potomac the battle was Ulysses S Grant s first against General Robert E Lee Second the Wilderness fighting prolonged bloody and inconclusive is widely viewed as the most confusing action of the entire war The dense thickets and deep smoke obscured much of what occurred during the two days of combat Gottfried s book cuts through the confusion to deliver a clear account of the horrendous struggle Perfect for the easy chair or for walking hallowed ground The Maps of the Wilderness is a seminal work that like his earlier studies belongs on the bookshelf of every serious and casual student of the Civil War or in the hands of an avid enthusiast out walking the Hallowed Ground

The 4th Michigan Infantry in the Civil War Martin N. Bertera, Kim Crawford, 2010-10-01 This fascinating narrative tells the story of a remarkable regiment at the center of Civil War history The real life adventure emerges from accounts of scores of soldiers who served in the 4th Michigan Infantry gleaned from their diaries letters and memoirs the reports of their officers and commanders the stories by journalists who covered them and the recollections of the Confederates who fought against them The book includes tales of life in camp portraying the Michigan soldiers as everyday people recounting their practical jokes illnesses political views personality conflicts comradeship and courage The book also tells the true story of what happened to Colonel Harrison Jeffords and the 4th Michigan when the regiment marched into John Rose s wheat field on a sweltering early July evening at Gettysburg Beyond the myths and romanticized newspaper stories this account presents the historical evidence of Jeffords s heroic yet tragic hand to hand struggle for his regiment s U S flag
