

AGRICULTURE PROJECT DEVELOPMENT OF GRANTS PROPOSALS

Preparation of the Proposal

The primary responsibility for formulating proposals rests with the CIGs/ VMGs/POs with the guidance of the Service Provider. For a CIG/ VMG/PO to qualify for the Micro-project Grants. For proposal in Window I and II, the CPCUs will be expected to coordinate, but not lead, the proposal development process. In particular, the CPCU will identify relevant stakeholders and institutional linkages that will be required to ensure smooth and effective implementation of the proposals. In order to ensure effective back-stopping, at least one value chain-based Service Provider firm should be reliably associated with each proposal that is approved for funding. For benefiting POs and Private Firms (PFs) under Window III, KENAFF and State Department for Cooperatives will be expected to coordinate, but not lead the business planning and proposal formulation process. KENAFF and the State Department for Cooperatives will develop criteria for aiding development and assessment of business plans. Key guidelines to assist CIG/VMG/PO/ PF in developing proposals are given in Annex 7.

Grants Proposal Appraisal and Approval

Micro-project proposals under window I submitted to CPCUs must undergo initial technical screening and recommendation by CTAC. None of the CTAC members should have participated in the formulation of the proposals. The CTAC will also be responsible for technical advice and quality assurance of micro-project Grants investments and services provided by SPs at county level. Under window II, proposals will be appraised and recommended by CTAC at the county level and forwarded for approval by NTAC. Business plans/ Proposals submitted under window III will be reviewed by NTAC for approval.

All applications received will be logged in an electronic register and given a reference tracking number. The application should be accompanied by a separate form indicating the geographical coordinates of the proposed micro-project, the name of the CIG/VMG/PO/PF, and the nature of the project in accordance with a unified classification to be provided by KCSAP Project Management Information System (PMIS) system. This is applicable across all the three windows.
