Aids The Politics And Policy Of Disease

Raymond A. Smith

Aids The Politics And Policy Of Disease:

The Politics and Policies of Relief, Aid and Reconstruction Fulvio Attina, 2012-10-15 Disaster policies present a new challenge to the practitioners and students of global politics this book explains how political science enriches the contribution of the social sciences to the study of disaster relief aid and reconstruction following the major disaster events both natural and man made of recent times

Health Care Politics and Policy in America Kant Patel, 1995 Fully updated for this new edition Health Care Politics and Policy in America combines background and context for the evolution of U S health care policy with analysis of recent trends and current issues The book introduces public policy students to the complex array of health care issues and health care professionals to the study of public policy It provides comprehensive coverage of policy issues related to health care at the federal state and provider patient levels from Medicare and Medicaid funding and managed care to medical liability law and ongoing debates over the beginning of life and end of life decisions Health Care Politics and Policy in America successfully integrates political ethical economic legal technological and medical factors in an issue focused survey of U S health care policy It includes a chronology of health care policy related events and legislation from 1798 through 2005 and an appendix comparing medical malpractice tort laws state by state

Healthcare Politics and Policy in America Kant Patel, Mark E. Rushefsky, 2014-04-25 Fully updated this new edition provides a comprehensive examination of the ways that health policy has been shaped by the political socioeconomic and ideological environment of the United States The roles played by public and private institutional and individual actors in designing the healthcare system are identified at all levels

Global HIV/AIDS Politics, Policy, and Activism Raymond A. Smith, 2013-10-28 An international team of specialists in politics policy and activism provide an indispensable guide to the persistent challenges and emerging issues posed by the global HIV AIDS epidemic now in its fourth decade The HIV AIDS epidemic is at a critical turning point Compelling new findings herald the potential to eventually grind the epidemic to a halt through a combination of expanded treatment coverage and new biomedical approaches to prevention At the same time the severe global economic downturns have negatively affected wealthy donor nations that have provided the funds and technical support for programs in the developing world It is against this backdrop that this landmark three volume set was developed It provides a broad overview of the critical political issues surrounding HIV AIDS inspects key areas of policy and policymaking and spotlights the most important forms of activism and community mobilization The volumes reflect an eclectic and wide ranging set of issues written by an international team comprising dozens of authors from nations including the United States the United Kingdom Ghana South Africa Brazil Cambodia Norway and Qatar The international contributors represent a variety of disciplines and bring with them a range of styles and methodological approaches appropriate to their specific topics and disciplines An important addition to academic and public libraries this expansive work will benefit students and other readers interested in politics policymaking public health activism and community mobilization both in the United States and globally

Health Care Policy and Politics A to Z Julie Rovner, 2009 This essential guide for libraries policy makers and anyone concerned with health care in America has now been fully updated Readers will find updated information on long term health care spending abortion Medicaid and Medicare health insurance and the uninsured the State Children s Health Insurance Program SCHIP and much much more New entries reflect important changes in recent years and include the Medicare Modernization Act abstinence education electronic health records health savings accounts Plan B the President s Emergency Plan for AIDS Relief PEPFAR and Project BioShield

The Politics of Emerging and Resurgent Infectious Diseases Jim Whitman, 2000-07-24 HIV AIDS is but one of a number of new and deadly diseases which threaten communities throughout the world Together with the resurgence of diseases once thought to have been conquered the human costs and social implications have begun to engage a diverse range of practitioners and scholars The premise behind this collection of distinguished essays is that the causal relations impacts and consequences of this disturbing trend are as much political as medical or scientific This book is an excellent introduction to a field of growing importance

Healthcare Politics and Policy in America: 2014 Kant Patel, Mark E Rushefsky, 2014-12-18 This book provides a comprehensive examination of the ways that health policy has been shaped by the political socioeconomic and ideological environment of the United States The roles played by public and private institutional and individual actors in designing the healthcare system are identified at all levels The book addresses the key problems of healthcare cost access and quality through analyses of Medicare Medicaid the Veterans Health Administration and other programs and the ethical and cost implications of advances in healthcare technology This fully updated fourth edition gives expanded attention to the fiscal and financial impact of high healthcare costs and the struggle for healthcare reform culminating in the passage of the Affordable Care Act with preliminary discussion of implementation issues associated with the Affordable Care Act as well as attempts to defund and repeal it Each chapter concludes with discussion questions and a comprehensive reference list Helpful appendices provide a guide to websites and a chronology PowerPoint slides and other instructional materials are available to instructors who adopt the book

The Politics Of European Union Health Policies Greer, Scott, 2009-06-01 The book examines the ways that the successful health lobbies and member states work identifies weaknesses and emphasizes the challenge to health policymakers

HIV Scale-Up and the Politics of Global Health Nora Kenworthy, Richard Parker, 2017-10-02 The global expansion of HIV programming HIV scale up and the growth of global health in the past decade reshaped politics power civic relations and citizen subjectivities in countries across the globe This book draws on interdisciplinary research from numerous sites in the Global South to examine the political dimensions of HIV and global health programming The chapters reflect extensive methodological diversity and geographic range yet exhibit striking resonance with the book s core themes Collectively the authors paint a complex global portrait of a unique period in the social history of HIV as the pandemic enters its fourth decade and the global response reaches its peak The book contemplates scale up and subsequently scale down as

an object of analysis and an historical shift in the politics of response to global crisis Ultimately HIV AIDS campaigns provide a template for the broader expansion of global health projects and institutions These transnational shifts and expansions necessitate further critical evaluations across social science and public health disciplines By collecting diverse perspectives on the political legacies of HIV and global health this book provides a unique history of the present cataloguing emerging practices and policies that will have long term social impacts This book was originally published as a special issue of Global Public Health

Aid Power and Politics Iliana Olivié, Aitor Pérez, 2019-07-25 Aid Power and Politics delves into the political roots of aid policy demonstrating how and why governments across the world use aid for global influence and exploring the role it plays in present day global governance and international relations In reconsidering aid as part of international relations the book argues that the interplay between domestic and international development policy works in both directions with individual countries having the capacity to shape global issues whilst at the same time global agreements and trends in turn shape the political behaviour of individual countries Starting with the background of aid policy and international relations the book goes on to explore the behaviour of both traditional and emerging donors the US the UK the Nordic countries Japan Spain Hungary Brazil and the European Union and then finally looks at some big international agendas which have influenced donors from the liberal consensus on democracy and good governance to gender equality and global health Aid Power and Politics will be an important read for international development students researchers practitioners and policy makers and for anyone who has ever wondered why it is that countries spend so much money on the well being of non citizens outside their borders
