A HANDBOOK IN HIV/AIDS COUNSELING Ramesh K. Deosarran, 2008-06 The AIDS pandemic threatens to kill millions in the next ten years No one should be silent about speaking to the issue or reading about the complexity of the problem Dr Ramesh Deosarran was courageous in his decision to present his readers with both the historical context of the epidemic as well as the contemporary possibilities of approaches for the Christian community Churches have the ability to influence the values and actions of not only the congregations but also wider segments of the community In this important work Ramesh acknowledges the need for a clearer roadmap for developing effective HIV prevention ministries that are sensitive to the church's cultural values and norms A healthy embrace of the contents of this book will enable Christians to avoid the strident moralism that is often the prevailing attitude

Not in This Family Heather Murray, 2012-02-10 Many Americans hold fast to the notion that gay men and women more often than not have been ostracized from disapproving families Not in This Family challenges this myth and shows how kinship ties were an animating force in gay culture politics and consciousness throughout the latter half of the twentieth century Historian Heather Murray gives voice to gays and their parents through an extensive use of introspective writings particularly personal correspondence and diaries as well as through published memoirs fiction poetry song lyrics movies and visual and print media Starting in the late 1940s and 1950s Not in This Family covers the entire postwar period including the gay liberation and lesbian feminist movements of the 1960s and 1970s the establishment of PFLAG Parents Families and Friends of Lesbians and Gays and the AIDS crisis of the 1980s and 1990s Ending her story with an examination of contemporary coming out rituals Murray shows how the personal that was once private became political and finally public In exploring the intimate reciprocal relationship of gay children and their parents Not in This Family also chronicles larger cultural shifts in privacy discretion and public revelation and the very purpose of family relations Murray shows that private bedrooms and consumer culture social movements and psychological fashions all had a part to play in transforming the modern family
