The Development and Treatment of Childhood Aggression Kenneth H. Rubin,Debra J. Pepler,2013-05-13 Comprised of papers and commentaries from the Earls court Symposium on Childhood Aggression held in Toronto Canada this volume reflects the Earls court Child and Family Centre s commitment to linking clinical practice to identifiable research based interventions which are known to be effective in the prevention and treatment of antisocial behavior in children The education of human services professionals has typically failed to train individuals to work with specific client populations providing a generalist approach grounded in theoretical assumptions and professional values rather than research and empirical studies This compelling book serves to fill this gap in professional education in the area of childhood aggression Representing substantial accomplishments in the advancement of an understanding of the plight of aggressive children and how best to ameliorate their often unpredictable and painful situations this text allows for cautious optimism that empirical research can have practical consequences for aggressive children and their prospects for a better life As such it is a truly important information resource for professionals in the fields of developmental psychology and counseling [A Course in Business Statistics](#) William Mendenhall,1988 This edition of a useful business text features realistic business oriented studies in each chapter and the majority of examples and exercises are taken from published articles and cite real data The second edition has a new chapter on quality control and sampling distribution expanded treatment of analysis of variance and multiple regression analysis and a reduction in the coverage of probability to remove all non essential material A more thorough discussion of statistical software packages includes MINITAB SAS and SPSS This book should be of interest to degree and diploma students on business studies and management courses with a statistics element
