Black April:

Black April Julia Mood Peterkin, 1998 *Black April* the foreman of Blue Brook Plantation must confront his own mortality and the tragic consequence of human desire in this simple tale of black country life in coastal South Carolina **Bulletin**, 1897 Encyclopedia of Capital Punishment in the United States, 2d ed. Louis J. Palmer, Jr., 2008-08-06 This updated encyclopedia provides ready information on all aspects of capital punishment in America It details virtually every capital punishment decision rendered by the United States Supreme Court through 2006 including more than 40 cases decided since publication of the first edition Entries are also provided for each Supreme Court Justice who has ever rendered a capital punishment opinion Entries on jurisdictions cite present day death penalty laws and judicial structure state by state with synopses of common and unique features Also included are entries on significant U S capital prosecutions legal principles and procedures in capital cases organizations that support and oppose capital punishment capital punishment's impact on persons of African Asian Hispanic and Native American descent on women and on foreign nationals and the methods of execution Essential facts are also provided on capital punishment in more than 200 other nations A wealth of statistical data is found throughout A Military History of the Cold War, 1962-1991 Jonathan M. House, 2020-09-24 Study of the Cold War all too often shows us the war that wasn't fought The reality of course is that many hot conflicts did occur some with the great powers weapons and approval others without It is this reality and this period of quasi war and semiconflict that Jonathan M House plumbs in *A Military History of the Cold War 1962-1991* a complex case study in the Clausewitzian relationship between policy and military force during a time of global upheaval and political realignment This volume opens a new perspective on three fraught decades of Cold War history revealing how the realities of time distance resources and military culture often constrained and diverted the inclinations or policies of world leaders In addition to the Vietnam War and nuclear confrontations between the USSR and the United States this period saw dozens of regional wars and insurgencies fought throughout Asia Africa and Latin America Cuba Pakistan Indonesia Israel Egypt and South Africa pursued their own goals in ways that drew the superpowers into regional disputes Even clashes ostensibly unrelated to the politics of East West confrontation such as the Nigerian Biafran conflict the Falklands Malvinas War and the Indonesian occupation of East Timor involved armed forces weapons and tactics developed for the larger conflict and thus come under House's scrutiny His study also takes up nontraditional or specialized aspects of the period including weapons of mass destruction civil military relations civil defense and control of domestic disorders The result is a single integrated survey and analysis of a complex period in geopolitical history which fills a significant gap in our knowledge of the organization logistics operations and tactics involved in conflict throughout the Cold War **Opportunity** Charles Spurgeon Johnson, 1969 **Floods of April 1979, Mississippi, Alabama, and Georgia** George W. Edelen, 1986 *Work Without End* Benjamin Hunnicutt, 2010-10-29 Tracing the political intellectual and social dialogues that changed the American concept of progress

in terms of labor *Lincoln's Autocrat* William Marvel,2015-04-15 Edwin M Stanton 1814 1869 one of the nineteenth century s most impressive legal and political minds wielded enormous influence and power as Lincoln s secretary of war during most of the Civil War and under Johnson during the early years of Reconstruction In the first full biography of Stanton in more than fifty years William Marvel offers a detailed reexamination of Stanton s life career and legacy Marvel argues that while Stanton was a formidable advocate and politician his character was hardly benign Climbing from a difficult youth to the pinnacle of power Stanton used his authority and the public coffers to pursue political vendettas and he exercised sweeping wartime powers with a cavalier disregard for civil liberties Though Lincoln s ability to harness a cabinet with sharp divisions and strong personalities is widely celebrated Marvel suggests that Stanton s tenure raises important questions about Lincoln s actual control over the executive branch This insightful biography also reveals why men like Ulysses S Grant considered Stanton a coward and a bully who was unashamed to use political power for partisan enforcement and personal preservation
