Stephen Preskill

Black And White Together:

Marriage Beyond Black and White David Almerin Douglas, Barbara Douglas, 2002 A powerful story about the marriage of a black man and a white woman this volume offers a poignant and sometimes painful look at what it was like to be an interracial couple in the United States from the early 1940s to the mid 1990s Education in Black and White Stephen Preskill, 2021-05-11 How Myles Horton and the Highlander Folk School catalyzed social justice and democratic education For too long the story of life changing teacher and activist Myles Horton has escaped the public spotlight An inspiring and humble leader whose work influenced the civil rights movement Horton helped thousands of marginalized people gain greater control over their lives Born and raised in early twentieth century Tennessee Horton was appalled by the disrespect and discrimination that was heaped on poor people both black and white throughout Appalachia He resolved to create a place that would be available to all where regular people could talk learn from one another and get to the heart of issues of class and race and right and wrong And so in 1932 Horton cofounded the Highlander Folk School smack in the middle of Tennessee The first biography of Myles Horton in twenty five years *Education in Black and White* focuses on the educational theories and strategies he first developed at Highlander to serve the interests of the poor the marginalized and the oppressed His personal vision keenly influenced everyone from Rosa Parks and Martin Luther King Jr to Eleanor Roosevelt and Congressman John Lewis Stephen Preskill chronicles how Horton gained influence as an advocate for organized labor an activist for civil rights a supporter of Appalachian self empowerment an architect of an international popular education network and a champion for direct democracy showing how the example Horton set remains education's best hope for today

In Black and White Lily Hardy Hammond, 2010-02-25 Our problem is not racial but human and economic We hold the Negro racially responsible for conditions common to all races on his economic plane The writings of reformer Lily Hardy Hammond 1859 1925 are filled with such forthright criticisms of southern white attitudes toward African Americans enough so that her stature as a southern progressive thinker would seem assured Yet Hammond who once stood at the intellectual center of the southern women's social gospel movement and was in her time the South's most prolific female writer on the race question has been marginalized This volume reprints *In Black and White* the most important of Hammond's ten books along with a sampling of the dozens of articles she published Elna C Green's biographical introduction tells of Hammond's marriage to a prominent Methodist minister and educator It also traces Hammond's career within the context of prevailing gender and racial attitudes in the Jim Crow South Hammond who had roots in Methodist home mission work was also active in such secular and ecumenical organizations as the Southern Sociological Congress the Commission on Interracial Cooperation and the National Association for the Advancement of Colored People Hammond worked alongside blacks to promote education improve living conditions and stop lynching As a suffragist and temperance advocate she urged the leaders of those largely white women's movements to partner with African Americans Historians of religion social science
