Comparative Psychology Gary Greenberg, Maury M. Haraway, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory **Boccaccio's Naked Muse** Tobias Foster Gittes, 2008-01-01 Venturing outside the Decameron to the Latin works and outside the usual textual and intertextual readings of Boccaccio to more broadly cultural and anthropological material Boccaccio's Naked Muse offers fresh insights on this hugely significant literary figure *Populist Mobilization* Paris Aslanidis, 2025-05-15 While much of the political science literature on populism focuses on key political actors within the party system a good deal less attention has been paid to forms of populist contention that feature ordinary citizens protesting against elite rule and championing the cause of the People around the world Populist Mobilization redresses this imbalance and presents a novel theoretical framework for the study of grassroots populist movements by integrating Laclauian discourse analysis with collective action frame theory Aslanidis examines two widely influential movements that emerged from the protest cycle of the Great Recession the Icelandic Pöts and Pöns Revolution and the Greek indignados Drawing from semi-structured interviews with activists and an extensive analysis of the movements paper trail and audiovisual material he explores organizational aspects processes of collective action framing the construction of collective identities and the influence of cultural elements Additionally the author embarks on a historical exploration of the intellectual roots of populism to dispel the pejorative connotations attached to the concept and advocates for a collaboration between sociologists and political scientists on a comprehensive research agenda for the populist phenomenon that transcends the institutional and non-institutional divide *Filthy Fishermen* Luke Holter, 2016-03-01 Filthy Fishermen is a book about the power of redemption It will serve as a source of encouragement to anyone who has failed or thinks they've messed up so bad that God can't use them God didn't choose those most likely to succeed He chose the foolish and the weak those who wouldn't be considered wise mighty or noble in the flesh Jesus takes the underdogs and makes Himself shine through them He'll take the filthy and make them fishers of men Jesus came for the sick lost and dying Read the stories of real people and the stories of numerous biblical figures who failed and failed again yet were extravagantly redeemed and restored It is not a how-to book but through the stories and teachings about grace forgiveness destiny and faith readers will see how to release the past and pursue all God has for them No matter how great

your failure God's destiny is always greater *Destiny's Future* Patricia C. Lee, 2024-02-27 Rhiann never asked to be a guardian but fate chose her Thrust through time with the Crescent Moon amulet she carries a power that can protect or destroy the world In a land where magic is fading and danger stalks every shadow she must embrace her gift to communicate with animals and stand against forces bent on claiming the Moon for themselves Betrayed by blood torn between love and duty Rhiann faces choices that could cost her everyone she holds dear including Rayja the prince who captured her heart As old enemies rise and family secrets unravel the battle for Leisos future will demand sacrifice courage and faith in the fire of destiny The final chapter of the Daughters of the Crescent Moon trilogy weaves passion betrayal and triumph into a spellbinding conclusion where the power of one woman's choice shapes the fate of generations **Jesusology** Gregg R. Allison, 2005 Offers teens a fuller understanding of Jesus and God made flesh His crucifixion resurrection and role as intercessor for us **The Iraq Wars and America's Military Revolution** Keith L. Shimko, 2010-04-30 This book is a comprehensive study of the Iraq Wars in the context of the revolution in military affairs debate **Greater Ethiopia** Donald N. Levine, 2024-05-31 Greater Ethiopia combines history anthropology and sociology to answer two major questions Why did Ethiopia remain independent under the onslaught of European expansionism while other African political entities were colonized And why must Ethiopia be considered a single cultural region despite its political religious and linguistic diversity Donald Levine's interdisciplinary study makes a substantial contribution both to Ethiopian interpretive history and to sociological analysis In his new preface Levine examines Ethiopia since the overthrow of the monarchy in the 1970s Ethiopian scholarship is in Professor Levine's debt He has performed an important task with panache urbanity and learning Edward Ullendorff Times Literary Supplement Upon rereading this book it strikes the reader how broad in scope how innovative in approach and how stimulating in arguments this book was when it came out In the past twenty years it has inspired anthropological and historical research stimulated theoretical debate about Ethiopia's cultural and historical development and given the impetus to modern political thinking about the complexities and challenges of Ethiopia as a country The text thus easily remains an absolute must for any Ethiopianist scholar to read and digest J Abbink Journal of Modern African Studies
