101 Uff Das Ed Fischer, 1995-06 Here before unmentionable Scandinavian humor Plus a cheer up section for people with too many uff das in their lives better than even two plates of lutefisk *Ausgewählte Reden Englischer Staatsmänner* Johann Karl August Winkelmann, 1884 , *Sigenot* Elisabeth Lienert, Elisa Pontini, Stephanie Baumgarten, 2020-02-10 Der bis ins 17. Jahrhundert breitberlieferte Sigenot erzählt von Dietrichs von Bern Gefangennahme durch den Riesen Sigenot und von seiner Befreiung durch Hildebrand Dabei geht es um die gemeinsame Bewehrung der Helden bei der Beseitigung monströser Bedrohungen der ritterlichen Welt aber auch um derbe Komik und um Elemente des Wunderbaren Geboten wird eine berlieferungsnahe Neuausgabe der beiden Versionen des aventiurehaften Dietrichepos lterer Sigenot Jüngerer Sigenot in Handschriften und Druckfassung ergänzt durch knappe Erläuterungen zu den Textzeugen zur Versionen und Fassungsbildung und zum Editionsverfahren sowie durch Literatur und Namensverzeichnisse Damit werden der Forschung eine berlieferungsnahe Textgrundlage für Interpretationen und Material für weiterführende Untersuchungen zu heldenepischer Fassungsbildung und Varianz zur Verfügung gestellt *Lords' Rights and Peasant Stories* Simon Teuscher, 2013-02-12 In the mid nineteenth century Jacob Grimm published a collection of late medieval records of local law called Weistümer that was scarcely less comprehensive than his famous collection of fairy tales As with the fairy tales Grimm assumed that before their transcription people had handed these down orally from time immemorial His interest in these customary laws arose from their seemingly folkloristic notions of custom and from their poetic narratives about ritualized encounters between lords and peasants capturing an oral tradition from an unsophisticated time Grimm's readings are still used today as a basis for theories about oral societies in the premodern West and contemporary non Western societies and the modernizing effects of writing As Simon Teuscher contends however those aspects of legal texts that have been considered since Grimm to be vestiges of a traditional preliterate popular culture were eventually rooted in relatively advanced and learned techniques of writing jurisprudence and administration *Lords Rights and Peasant Stories* uses examples from German and French speaking Switzerland to investigate what legal order meant to individuals and to a society at the eve of the early modern period Teuscher deals with legal documents not only as texts but also as objects The book takes the materiality of documents seriously and reconstructs cultural techniques of their production and social practices of their use *Lords Rights and Peasant Stories* suggests the need to rethink master narratives about transitions from oral to literate societies It explores the local dimensions of processes of state formation and the emergence of modern notions of law in western Europe Students of rural society and village organization will find here a discussion of local power distribution that is inspired by social anthropology that looks beyond simple antagonisms between lords and peasants and that insists on the role of state servants and the unconscious effects of their writing practices **Antifraternalism and Anticlericalism in the German Reformation** Geoffrey Dipple, 2016-12-05 Many of the leading figures of the Reformation and many of their

most able opponents came from among the ranks of the Franciscan Order This Order became the focus of attack in a pamphlet war waged against it in 1523 by converts to the Reformation These criticisms were based on arguments by Luther in his Judgement on Monastic Vows and the pamphlets provided an important channel for these views Luther s arguments were also reinforced by criticisms of the mendicant orders drawn from medieval polemical and satirical literature The campaign of 1523 brought together both Reformation and pre Reformation anticlerical themes In this book Geoffrey Dipple looks at the perception of the Franciscan order in the 15th and 16th centuries placing the attacks firmly in the context of late medieval inter clerical rivalries He looks particularly at the anticlerical polemics of one of the primary participants Johann Eberlin von G nzburg the most vocal of the Franciscan s critics An Architectural Progress in the Renaissance and Baroque Henry A.
