**GERTRUDE STEIN Premium Collection: 60+ Poems, Tales & Plays in One Volume** Gertrude Stein, 2024-01-13 In the GERTRUDE STEIN Premium Collection 60 Poems Tales Plays in One Volume readers are presented with a comprehensive anthology of Stein's distinctive literary creations. This collection showcases her innovative use of language form and structure epitomizing the avant garde style characteristic of the early 20th century. Stein's works often delve into themes of identity perception and the nature of existence marked by her radical departure from traditional narrative forms and her penchant for repetition and rhythmic elements which challenge conventional storytelling methods and invite readers to rethink the function of language itself. Gertrude Stein an instrumental figure in the modernist movement was known not only for her literary prowess but also for her role as a patron of the arts in Paris where she gathered a circle of influential artists and thinkers. Her experiences as a Jewish American expatriate and her radical embrace of both cubism in visual arts and contemporaneous social movements informed her writing as she sought to break free from the limitations imposed by societal norms and narrative conventions. This collection is highly recommended for readers interested in the evolution of modernist literature as Stein's pioneering approach serves as a vital reference point in understanding contemporary literature. Each piece in this anthology provides a window into her unique vision and the revolutionary ideas that continue to resonate today.

[THREE LIVES \(American Classics Series\)](#) Gertrude Stein, 2017-05-05 The trilogy *Three Lives* tells the story of three common women living in Bridgepoint a fictional town based on Baltimore. The three stories are independent of each other but share much more than a same town. *The First Story* *The Good Anna* tells the tale of life and death of a housekeeper Anna and her difficulties with unreliable under servants and stray dogs and cats. Although her job is hard and often quite dull Anna remains happy with her green parrot that brings colors to her life. *Melanctha* focuses upon the distinctions and blending of race sex gender and female health. The main character Melanctha daughter of a black father and mixed race mother in segregated Bridgepoint goes throughout the life on a quest for knowledge and power as she is dissatisfied with her role in the world. *The Gentle Lena* follows the life of Lena a German girl brought to Bridgepoint by a cousin. Lena begins her life in America as a servant girl but is eventually married to Herman Kreder the son of German immigrants. Both Herman and Lena are marked by extraordinary passivity and the marriage is essentially made in deference to the desires of their elders. Gertrude Stein 1874-1946 was an American novelist poet playwright and art collector best known for *Three Lives* *The Making of Americans* and *Tender Buttons*. Stein moved to Paris in 1903 and made France her home for the remainder of her life. Picasso and Cubism were an important influence on Stein's writing. Her works are compared to James Joyce's *Ulysses* and to Marcel Proust's *In Search of Lost Time*.
