

The Ideal Hybrid Workplace Checklist

Transitioning to a hybrid workplace means analyzing and adjusting your current technology so that it supports both office and at-home employees. To help your workforce excel in a hybrid workplace environment, you'll need:

Meeting Room Collaboration

Optimize teamwork with technology that connects at-home and office employees. Consider simple to use displays that feature integrated video, audio and conferencing tools.

Robust Cybersecurity

Multi-layered security helps to protect shared files and devices wherever they are being used. Make sure your network is routinely checked and updated to identify vulnerabilities and prevent incidents.

The Right Hardware

With team members coming to and from the office, productivity from anywhere is dependent on their hardware setup. Consider reliable laptops and accessories built for travel as well as desktop printers for home offices.

Video and Phone Conferencing

Serving users that are no longer tethered by wires and physical locations can be complex. Simplify company-wide communication with an all-inclusive, cloud VoIP phone system with web, audio and video conferencing tools.
