New Venture Creation Paul Burns, 2023-12-30 Structured around the author's tried and tested New Venture Creation framework, this textbook encourages practical learning enabling you to launch and develop your business. Broken down into three phases: Research, Business model development, Launch, the book provides a systematic approach which tells you everything you need to know and most importantly everything you need to do to start a new venture. You will learn how organisations and entrepreneurs address issues via real life case insights and quotes while fictional case studies are presented to explore how you might choose ways forward in your entrepreneurial journey. The popular and effective Workbook which enables you to work through your thoughts and ideas on business development and construct a profile of your new venture is now presented in a digital format. A new Digital links booklet directs to company websites and interviews with entrepreneurs and these resources are designed so that they can be used concurrently with the book. This edition includes new material on the importance of anticipating new challenges and the need for re-strategizing and building resilience while sustainability and diversity have been foregrounded in a re-examination of the case studies. New Venture Creation is the essential textbook for preparing for real life entrepreneurial experience, accessible, practical and grounded in academic insight.

Gaming and Extremism Linda Schlegel, Rachel Kowert, 2024-03-21 Charting the increase in the use of games for the dissemination of extremist propaganda, radicalization, recruitment and mobilization, this book examines the gamification of extremism. Editors Linda Schlegel and Rachel Kowert bring together a range of insights from world leading experts in the field to provide the first comprehensive overview of gaming and extremism. The potential nexus between gaming and extremism has become a key area of concern for researchers, policymakers and practitioners seeking to prevent and counter radicalization and this book offers insights into key trends and debates, future directions and potential prevention efforts. This includes the exploration of how games and game adjacent spaces such as Discord, Twitch, Steam and DLive are being leveraged by extremists for the purposes of radicalization, recruitment and mobilization. Additionally, the book presents the latest counterterrorism techniques, surveys promising preventing/countering violent extremism (P CVE) measures currently being utilized in the gaming sphere and examines the ongoing challenges, controversies and current gaps in knowledge in the field. This text will be of interest to students and scholars of gaming and gaming culture as well as an essential resource for researchers and practitioners working in prevention and counter extremism, professionals working at gaming related tech companies and policymakers. The Open Access version of this book is available at www.taylorfrancis.com and has been made available under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license.

Fashion in the Metaverse Bradley Quinn, 2025-03-13 This book examines a significant moment in fashion's evolution when technological innovations are inspiring designers, brands, and consumers to think beyond conventional clothing in the real world and to forge fresh relationships with digital garments within 3D virtual spaces. It shows how these spaces, which are largely driven by augmented reality, virtual reality, mixed reality, and blockchain, enable users to interact with digital avatars and each other. For many, the prospect of employing new technologies is as terrifying as it is exciting. *Fashion in the Metaverse* aims to demystify these advanced technologies while also delving into the uncertainties and impact of others such as AI, NFTs, and Web3. Interviews with pioneers working in the industry provide further insights into the creation of virtual garments, the rise and operation of the virtual economy and business in the metaverse, and the role of avatars as digital embodiments of self-expression and identity. The book concludes with a look to fashion's future and explores the ways fashion will evolve with the metaverse to transcend boundaries and encompass a range of influences, expressions, and experiences as fashion breathes its creative spirit into virtual worlds.
