American Values in Transition Robert C. Bannister, 1972-01-01      *American Crisis: The Collapse of Christian Culture* William D. Howard, 2024-02-19 All Americans know we are in a state of cultural crisis but how did we get to this point It has been said if we seek an actual legal date for the fall of Judeo Christian culture in America it would be June 26 2015 the day the Supreme Court ruled that homosexual marriage was a constitutionally protected right But according to William D Howard the destruction of our country started well before that when states began changing laws and incorporating changes that had lasting repercussions on the culture as a whole In *American Crisis The Collapse of Christian Culture* Howard takes an in depth look at civilizations in the past provides insights on our current culture and warns of a future that can mean only the destruction of everything we hold dear But this book is not without hope Howard uses God s Word to show Christians how we can counter the social and political norms and fight for our country s moral political and social outlook As our moral high ground is being chipped away one corner at a time we need to take up the call to action and fight against the powers that seek our demise      *Transitions in American Education* Donald Parkerson, Jo Ann Parkerson, 2014-03-05 This book is a concise social history of teaching from the colonial period to the present By revealing the words of teachers themselves it brings their stories to life Synthesizing decades of research on teaching it places important topics such as discipline in the classroom technology and cultural diversity within historical perspective      **The Publishers' Trade List Annual** ,1978

Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history      War and Film in America Marilyn J. Matelski, Nancy Lynch Street, 2017-10-27 America s chief exports are war and entertainment combined they are the war films viewed all over the world The film industry is a partner of the government American film shapes the ways in which both Americans and others view war The authors herein explore differing film perspectives across five decades The essays written especially for this volume explore topics such as

frontier justice Cold War fervor government sponsored terrorism the back to Nam films films as a venue for propaganda and war s far reaching effects on personal values family relationships and general civility The movies used in these analyses vary from conventional battle epics like Bridge on the River Kwai and The Green Berets to motion pictures with a war motif either as part of the story The Way We Were or as a historical setting The Graduate Some of the films are satirical Dr Strangelove some are propagandistic The Alamo Big Jim McLain Other films include Black Hawk Down True Lies The Deer Hunter Patriot Games and Let There Be Light Instructors considering this book for use in a course may request an examination copy here
