Biocultural Approaches to the Emotions Alexander Laban Hinton, 1999-11-28 This edited volume first published in 1999 attempts to integrate neo Darwinian and culturalist perspectives in the study of emotion **The Religion of the Mithras Cult in the Roman Empire** Roger Beck, 2006-01-12 A study of the religious system of Mithraism one of the mystery cults popular in the Roman Empire contemporary with early Christianity Mithraism is described from the point of view of the initiate engaging with its rich repertoire of symbols and practices Critical Theory , *Rite out of Place* Ronald L. Grimes, 2006-08-10 Much ritual studies scholarship still focuses on central religious rites For this reason Grimes argues dominant theories like the data they consider remain stubbornly conservative This book issues a challenge to these theories and to popular conceptions of ritual Rite Out of Place collects 10 revised essays originally published in widely varied sources across the past five years Grimes has selected for inclusion those essays that track ritual as it haunts the edges of cultural boundaries ritual converging with theater ritual on television ritual at the edge of natural environments and so on The writing is non technical and the implied audience is sufficiently broad than any educated person interested in religion and public life should find it intelligible and engaging **Mythography** William G. Doty, 2000-03-21 Presenting major myth theorists from antiquity to the present this work offers a cross disciplinary approach to the study of myth Rewritten and

restructured it reflects the increased interest in myth among both scholars and general readers since the publication of the first edition **The Supernatural After the Neuro-Turn** Pieter F. Craffert, John R. Baker, Michael J.

Winkelman, 2019-09-10 This book takes what is often referred to as the supernatural to be normal natural phenomena that are closely linked to the neurobiology of the human species Reflecting the neurocultural and biocultural perspective the chapters cover phenomena such as out of body experiences ghosts and experiences of spirit entities The contributors consider the supernatural as emerging from innate neurobiological structures and functions and reflecting known neurobiological processes that explain their universality and persistence Philosophy , **The Tribal Imagination** Robin Fox, 2011-03-08 Ranging from incest and arranged marriage to poetry and myth to human rights and pop icons the author sets out to show how a variety of human behaviors reveal traces of their tribal roots and how this evolutionary past limits our capacity for action Publisher **Structural Marxism** Fouad Sabry, 2024-08-14 Why should you delve into Structural Marxism within the Political Science series This book offers a deep dive into the intricate dynamics of class power and ideology challenging conventional views on societal structures By engaging with the unique perspectives presented here you gain invaluable insights into how Marxist theory has evolved to address complex social realities The knowledge gained from this book is not only intellectually enriching but also practical for understanding contemporary political issues
