highs and lows of recovery Editor Allison M Johnson organizes the selections thematically in order to highlight issues crucial to the experiences of Civil War soldiers veterans and amputees offering invaluable insights into the ways in which former fighting men understood and commemorated their service and sacrifice A detailed introduction provides background information on the contests and comments on the literary and historical significance of the veterans and their writings Chapter subjects include political and philosophical treatises by veterans amateur but poignant poetic testaments and graphic accounts of wounding and amputation The Left Armed Corps makes accessible this archive of powerful testimony and creative expression from Americans who fought to preserve the Union and end slavery
