Inductive Logic Programming Saso Dzeroski, Peter A. Flach, 2003-06-26. This book constitutes the refereed proceedings of the 9th International Conference on Inductive Logic Programming ILP 99 held in Bled, Slovenia, in June 1999. The 24 revised papers presented were carefully reviewed and selected from 40 submissions. Also included are abstracts of three invited contributions. The papers address all current issues in inductive logic programming and inductive learning from foundational and methodological issues to applications, e.g., in natural language processing, knowledge discovery, and data mining.

Environmental Microbiology and Biotechnology Anoop Singh, Shaili Srivastava, Dheeraj Rathore, Deepak Pant, 2020-11-30. This book provides up-to-date information on the state of the art in applications of biotechnological and microbiological tools for protecting the environment. Written by leading international experts, it discusses potential applications of biotechnological and microbiological techniques in solid waste management, wastewater treatment, agriculture, energy, and environmental health. This second volume of the book *Environmental Microbiology and Biotechnology* covers two main topics: bioenergy and environmental health, exploring the latest developments from around the globe regarding applications of biotechnology and microbiology for converting wastes into valuable products and, at the same time, reducing the environmental pollution resulting from disposal. Wherever possible, it also includes real-world examples. Further, it offers advice on which procedures should be followed to achieve satisfactory results and provides insights that will promote the transition to the sustainable utilization of various waste products.
