The Complete Poetry of Catullus Catullus, 2002-05-20 Catullus life was akin to pulp fiction In Julius Caesar s Rome he engages in a stormy affair with a consul s wife He writes her passionate poems of love hate and jealousy The consul a vehement opponent of Caesar dies under suspicious circumstances The merry widow romances numerous young men Catullus is drawn into politics and becomes a cocky critic of Caesar writing poems that dub Julius a low life pig and a pervert Not surprisingly soon after no more is heard of Catullus David Mulroy brings to life the witty poignant and brutally direct voice of a flesh and blood man a young provincial in the Eternal City reacting to real people and events in a Rome full of violent conflict among individuals marked by genius and megalomaniacal passions Mulroy s lively rhythmic translations of the poems are enhanced by an introduction and commentary that provide biographical and bibliographical information about Catullus a history of his times a discussion of the translations and definitions and notes that ease the way for anyone who is not a Latin scholar Euripides and the Tragic Tradition Anne Norris Michelini, 2006-10-02 Euripides and the Tragic Tradition asks all the right questions It forces us to confront the many contradictions in Euripides work demonstrates the differences between the literary assumptions of Sophocles and Euripides and challenges us to respond to Euripidean drama with sophistication and sensitivity Francis M Dunn Scholia **Murlo and the Etruscans** Richard Daniel De Puma, Jocelyn Penny Small, 1994 Murlo and the Etruscans explores this and other mysteries in a collection of twenty essays by leading specialists of Etruscan and classical art all of whom have been associated with the Murlo site Numerous photographs and drawings accompany the essays The first eleven chapters survey specific groups of Etruscan objects and challenge the view

of Etruscan art as provincial or derivative Interpretations of the magnificent series of decorated terra cotta frieze plaques and other architectural elements contribute to an understanding of Murlo and related Etruscan centers Plaques depicting a lively Etruscan banquet offer a way to detect differences between Etruscan and ancient Greek society The remaining nine chapters treat various aspects of Etruscan art often moving beyond ancient Murlo both geographically and temporally They examine funerary symbolism sculpted amber and amber trade contacts along the ancient Adriatic Coast depictions of domesticated cats votive terra cottas of human anatomical parts and how they help in understanding Etruscan medicine and the adaptation of Greek style myth and iconography in Etruscan art These essays will have a broad impact on the study of the ancient Mediterranean They will certainly be required reading not only for Etruscologists but for anyone with an interest in the world of classical antiquity The range of subjects moving in wide arcs around the archaeological site at Murlo brings the site into focus in a way that a series of standard archaeological site reports could not Kenneth Hamma J Paul Getty Museum There is a fine and commendable interweaving and intertwining of thoughts and scholarly research throughout Murlo and the Etruscans It will be a useful reference source for the art of Etruscan coroplast wherein lies the forte of the Etruscan sculptor Mario A Del Chiaro University of California

Echoing Hylas Mark Heerink, 2015-12-15 During a stopover of the Argo in Mysia the boy Hylas sets out to fetch water for his companion Hercules Wandering into the woods he arrives at a secluded spring inhabited by nymphs who fall in love with him and pull him into the water Mad with worry Hercules stays in Mysia to look for the boy but he will never find him again In Echoing Hylas Mark Heerink argues that the story of Hylas a famous episode of the Argonauts voyage was used by poets throughout classical antiquity to reflect symbolically on the position of their poetry in the literary tradition Certain elements of the story including the characters of Hylas and Hercules themselves functioned as metaphors of the art of poetry In the Hellenistic age for example the poet Theocritus employed Hylas as an emblem of his innovative bucolic verse contrasting the boy with Hercules who symbolized an older heroic epic tradition The Roman poet Propertius further developed and transformed Theocritus's metapoetical allegory by turning Heracles into an elegiac lover in pursuit of an unattainable object of affection In this way the myth of Hylas became the subject of a dialogue among poets across time from the Hellenistic age to the Flavian era Each poet Heerink demonstrates used elements of the myth to claim his own place in a developing literary tradition With this innovative diachronic approach Heerink opens a new dimension of ancient metapoetics and offers many insights into the works of Apollonius of Rhodes Theocritus Virgil Ovid Valerius Flaccus and Statius

Responses to Oliver Stone's Alexander Paul Cartledge, Fiona Rose Greenland, 2010-01-20 The charismatic Alexander the Great of Macedon 356-323 B C E was one of the most successful military commanders in history conquering Asia Minor Egypt Persia central Asia and the lands beyond as far as Pakistan and India Alexander has been over the course of two millennia since his death at the age of thirty two the central figure in histories legends songs novels biographies and most recently films In 2004 director Oliver Stone's epic film Alexander

generated a renewed interest in Alexander the Great and his companions surroundings and accomplishments but the critical response to the film offers a fascinating lesson in the contentious dialogue between historiography and modern entertainment This volume brings together an intriguing mix of leading scholars in Macedonian and Greek history Persian culture film studies classical literature and archaeology including some who were advisors for the film and includes an afterword by Oliver Stone discussing the challenges he faced in putting Alexander s life on the big screen The contributors scrutinize Stone s project from its inception and design to its production and reception considering such questions as Can a film about Alexander and similar figures from history be both entertaining and historically sound How do the goals of screenwriters and directors differ from those of historians How do Alexander s personal relationships with his mother Olympias his wife Roxane his lover Hephaistion and others affect modern perceptions of Alexander Several of the contributors also explore reasons behind the film s tepid response at the box office and subsequent controversies

Imperium and Cosmos Paul Rehak, 2009-04-08 Caesar Augustus promoted a modest image of himself as the first among equals a characterisation that was popular with the ancient Romans This work focuses on Augustus s Mausoleum and Ustrinum the Horologium Solarium and the Ara Pacis It also examines the artistic imagery on these monuments **The Hellenistic Aesthetic** Barbara Hughes Fowler, 1989 Fowler s own insights are apparent throughout and they seem to distill the personal appreciation and understanding of a scholar who has devoted much of her career to both contemplating and enjoying Hellenistic poetry This book would make an excellent background text for courses in later Greek and Roman art and it can be read with profit by anyone interested in exploring the character of Hellenistic culture J J Pollitt American Journal of Archaeology Outstanding is the range of examples discussed both in poetry and art Theocritus Callimachus Appolonius the epigrammatists and others that is the major figures of the time are considered at length and in several different contexts Passages are quoted in the original Greek translated and analyzed Fowler s sensitivity to poetic forms evident in her other published writings is again evident here In addition however the philosophical context is not overlooked Also highly commendable are the liberal references to works of art Sculpture in the round and in relief portraits terracotta figurines original paintings grave stelai and Campanian murals mosaics gold and silver vessels and jewelry are introduced at various points Every work of art discussed is illustrated in astonishingly clear photographs which are interspersed in the body of the text Christine Mitchell Havelock The Hellenistic Aesthetic provides classicists with their first thorough discussion of the aesthetic unity found in Hellenistic art and literature Fowler examines parallels both in subject matter and in artistic approach among a diverse group of literary genres and artistic forms In twelve chapters The Hellenistic Aesthetic surveys Alexandrian epigrams pastorals epics sculptural groups mosaics paintings and jewelry to supply a convincing and frequently unexpected picture of a unified aesthetic vision Jeffrey Buller Classical Outlook
