Murrah, 2009 The Northwest Texas Conference of the United Methodist Church has a complicated and fascinating history Its story parallels that of the settlement of the frontier of Northwest Texas Methodist circuit riders rode in advance of the railroads and homesteaders in dugouts were often surprised to have a Methodist preacher to be the first to welcome them to the new country There have been two Northwest Texas conferences the first was created in 1866 and stretched 600 miles from Georgetown in central Texas northwestward across the vast high plains By 1910 it had grown to be the largest conference numerically in Texas As a result the General Conference of the Methodist Episcopal Church South approved a division into two smaller conferences the Central Texas and a new Northwest Texas Conference In 2010 the present Northwest Texas Conference of the United Methodist Church celebrated its 100th anniversary At its birth the conference began with nearly two hundred strong churches and another two hundred part time school house churches within its charge During its first forty years it grew at a rapid pace but in the mid 1960s began to experience a gradual decline which continues to this day This study explores the conference s reasons for growth the challenge of conflict and decline and its efforts to find renewal and revival At the same time it celebrates the tremendous achievements of the Northwest Texas Conference in bringing salvation civility and institutional services to its vast territory **How Youth Ministry Can Change Theological Education -- If We Let It** Kenda Creasy Dean, Christy Lang Hearlson, 2016-03-29 Since 1993 forty nine theological seminaries have created opportunities for high school students to participate in on campus High School Theology Programs HSTPs that invite them to engage in serious biblical and theological study Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches What has made these programs so successful especially given the well documented crisis of faith among young people today In this book thirteen contributors many of whom have created or led one of these innovative theology programs investigate answers to this question They examine the pedagogical practices the HSTPs have in common and explore how they are contributing to the leadership of the church They then show how the lessons gleaned from these successful programs can help churches denominations and seminaries reimagine both theological education and youth ministry **The Latter-Day Saints' Millennial Star** ,1864 **The Methodist new connexion magazine and evangelical repository** ,1857 The General Baptist repository, and Missionary observer [afterw.] The General Baptist magazine repository and Missionary observer [afterw.] The General Baptist magazine ,1865 **The Future of Pentecostalism in the United States** Eric Patterson, Edmund Rybarczyk, 2007-11-26 One hundred years after the Azusa Street Revival stunned Los Angeles and changed Western Christianity Pentecostalism has become the fastest growing religious movement in the world However many Pentecostal denominations in the United States are in a slow decline Will Pentecostalism survive in North America in the twenty first

century If so what forms will it take The Future of Pentecostalism in the United States brings together leading scholars of charismatic and Pentecostal Christianity to discuss and forecast these issues The book looks at American Pentecostalism from a variety of disciplinary perspectives including sociology theology history and the arts The book also considers various traditions and sub movements within U S Pentecostalism such as African American Pentecostal and charismatic Latino churches urban postmodern charismatic congregations and the role of Pentecostal institutions of higher education
