My Life Anderl Heckmair, 2015-01-12 In 1938 Anderl Heckmair made the first ascent of the North Face of the Eiger a monumental climb that cemented his place in history In *My Life* he tells the story of how he turned from a fragile child wrapped quite literally in cotton bindings into one of the most important mountaineers in the world Leaving school in 1920 Heckmair dedicated himself to climbing becoming a full time mountain vagabond Penniless he lived in Alpine huts and cycled from climb to climb even riding from Germany to the High Atlas mountains of Morocco He rapidly developed as a mountaineer making an ascent of the Walker Spur in awful weather and a solo ascent of the Matterhorn in walking shoes a feat that nobody believed But his crowning achievement climbed in full media glare would always be his Eiger ascent Events did not always run smoothly arrested after a quarrel with a farmer he escaped through a window never imprison mountain climbers in towers When arrested again his ice axes mistaken for deadly weapons while he slept on a park bench Heckmair chose to stay put preferring the cell bunk to his bench At times the book ventures into darker territory As one of the great German climbers of the 1930s Heckmair inevitably attracted the attention of the Nazi party he found his Eiger triumph twisted to suit their ends and he himself seated next to Hitler at a party But at its heart *My Life* is a celebration of adventure Told in joyful engaging and relaxed style it is as full of life and passion for the mountains as Anderl Heckmair himself *My Life* Anderl Heckmair, 2002
