*Leviathan Awaits* Jamison Fussner,2013-03-12 I read your book Loved it Great imagination and story My wife and I both agree that the book would be great as a screenplay and turned into a movie possibly a Disney movie Ill send it to Jude at NY Times Congrats on an imaginative creative piece of art Larry Book music publisher The facts of this novel are among the best kept secrets of the world So much in fact that you might rather believe the fiction than the possibilities of the facts The story of this savant autistic boys adventures are possible with the help of his admiral grandfather and his ostentatious nanny The news of the Russians Lake Vostok exploration will make a believer as the reality unfolds in the present day media Hitler himself wished to explore this pristine environment with its magnetic anomaly If he had the wherewithal in his time and had accomplished the mission history may have been a lot different You will want to study after reading the research of the projects contained in the book What is conspiracy you decide The information is public but not widespread The unconventional relationships form a great alliance that will change the world as we know it **Big Truth** David Perlstein,2019-03-27 An astronaut turning eighty suffers a disturbing encounter A hard charging lawyer levitates Satan makes a cruel wager with God America bans stand up comedy Thus begins a journey toward self discovery concluding with four childhood friends taking a road trip fifty years after the last time they were all together and laying their relationships bare Twenty five stories set in California Oregon New York Israel and India examine ambition loss friendship parenthood memory and aging to consider elusive and often painful truths **Sex, Murder and a Double Latte Collection** Kyra Davis,2014-03-15 Follow the escapades of writer turned detective Sophie Katz in these four sexy mysteries from New York

Times bestselling author Kyra Davis *Sex Murder* and a *Double Latte Mystery* writer Sophie Katz suspects that a crazed fan is sneaking into her apartment to reenact scenes from her books And when a filmmaker friend is brutally murdered in the manner of a death scene from one of his movies she s convinced that a copycat killer is on the loose and that she s the next target The man who swoops in to save her is the mysterious new love interest Anatoly Darinsky Of course if this were fiction Anatoly would be her prime suspect *Passion Betrayal and Killer Highlights* When her brother in law turns up dead and her sister is accused of the crime Sophie s priority is finding the real killer With or without Anatoly s help Her brother in law s secret life yields plenty of suspects but the San Francisco police aren t taking any of them seriously So Sophie does what comes naturally to her she stirs up trouble to lure the killer out of course *Obsession Deceit and Really Dark Chocolate* Sophie s relationship with the irresistible and occasionally insufferable Anatoly is on the rocks when a friend recruits Sophie to decode her allegedly two timing husband s strange behavior Suddenly plunged into a crazy world of campaign mudslinging dirt digging and cover ups Sophie begins to uncover some pretty dirty secrets indeed Way in over her head as usual Sophie reluctantly or not so reluctantly enlists the help of her two time sidekick and ex Anatoly *Lust Loathing and a Little Lip Gloss* Sophie is head over heels in love with a three bedroom San Francisco Victorian She s just got to have it despite a few drawbacks Her slimy ex is the realtor and her first tour of the house reveals well a lifeless body clutching a cameo with a disturbing history of its own There s no way Sophie is going to give up the ghost on her dreams of stained glass and original woodwork though especially since Sophie is 99 percent sure her problems are caused by someone six feet tall instead of six feet under

[Passion, Betrayal And Killer Highlights](#) Kyra Davis,2007-04-01 Sophie Katz has just offered a man 12 000 for his services Is she desperate or just meshugeneh Considering the kind of disasters that usually befall the half black half Jewish mystery writer probably both Because the last time Sophie saw sexy P I Anatoly Darinsky he practically danced a jig when she waved goodbye a normal reaction for a man who d nearly bought the farm trying to protect her from her own foolishness What are the chances he d agree to take incriminating pictures of her sister s philandering husband Or that he d let her tag along you know for research But when her brother in law turns up dead and her sister becomes the prime suspect Sophie s priority is finding the real killer With or without Anatoly s help Her brother in law s secret life yields plenty of suspects but the San Francisco police aren t taking any of them seriously So Sophie does what comes naturally to her she stirs up trouble to lure the killer out of course But if her crazy plan works will Anatoly be there to protect her this time

[The Darkest Winter](#) Nick Johns,2018-09-06 WHAT IF ALL OF TODAY S TECHNOLOGY SUDDENLY DISAPPEARED Tim is a modern young man living a modern life in the highly industrialized northeastern United States In a world of convenience and instant gratification he surfs the Net talks and texts on his phone and enjoys all of the digital entertainment available He has a girlfriend Emily who recently moved to Chicago to pursue an impossible to refuse professional opportunity And although they miss each other tremendously at least they can stay in touch through the network of today s technology Then

everything changes Following a masterfully executed cyberattack by one of the US s most persistent foes the overly tech dependent Northeast is literally rendered powerless There are no lights no computers no wifi networks nothing The ensuing and inevitable panic leads to the unraveling of civilized behavior plunging millions into a state of pure chaos Caught in the heart of the madness Tim quickly realizes what he must do He has to leave Jersey and get to Emily who awaits his arrival in the still powered Chicago metro area There s just one problem How can he get there without any technological advantages and in a society that s been forced to revert to an age when only the strongest and most ruthless survive Monster of God: The Man-Eating Predator in the Jungles of History and the Mind David Quammen,2004-09-17 Rich detail and vivid anecdotes of adventure A treasure trove of exotic fact and hard thinking New York Times Book Review For millennia lions tigers and their man eating kin have kept our dark scary forests dark and scary and their predatory majesty has been the stuff of folklore But by the year 2150 big predators may only exist on the other side of glass barriers and chain link fences Their gradual disappearance is changing the very nature of our existence We no longer occupy an intermediate position on the food chain instead we survey it invulnerably from above so far above that we are in danger of forgetting that we even belong to an ecosystem Casting his expert eye over the rapidly diminishing areas of wilderness where predators still reign the award winning author of *The Song of the Dodo* and *The Tangled Tree* examines the fate of lions in India s Gir forest of saltwater crocodiles in northern Australia of brown bears in the mountains of Romania and of Siberian tigers in the Russian Far East In the poignant and troublesome ferocity of these embattled creatures we recognize something primeval deep within us something in danger of vanishing forever *Marina and Lee* Priscilla Johnson McMillan,2013-08-06 The single best book ever written on the Kennedy assassination Thomas Mallon author of *Mrs Paine s Garage And the Murder of John F Kennedy* It is not at all easy to describe the power of *Marina and Lee* It is far better than any other book about Kennedy Other books about the Kennedy assassination are all smoke and no fire *Marina and Lee* burns New York Times Book Review *Marina and Lee* is an indispensable account of one of America s most traumatic events and a classic work of narrative history In her meticulous at times even moment by moment account of Oswald s progress toward the assassination of JFK Priscilla Johnson McMillan takes us inside Oswald s fevered mind and his manic marriage Only a few weeks after the birth of their second child Oswald s wife Marina hears of Kennedy s death and discovers that Lee s rifle is missing from the garage where it was stored She knows that her husband has killed the President McMillan came to the story with a unique knowledge of the two main characters In the 1950s she worked for Kennedy and had known him well for a time Later working in Moscow as a journalist she interviewed Lee Harvey Oswald during his attempt to defect to the Soviet Union When she heard his name again on November 22 1963 she said My God I know that boy *Marina and Lee* was written with the complete and exclusive cooperation of Oswald s Russian born wife Marina Prusakova whom McMillan debriefed for seven months in the immediate aftermath of the President s assassination and her husband s nationally televised execution at the hands of Jack Ruby The

truth is far more compelling and unsettling than the most imaginative conspiracy theory Marina and Lee is a human drama that is outrageous heartbreaking tragic fascinating and real Forty Rooms Olga Grushin, 2016-02-16 The internationally acclaimed author of *The Dream Life of Sukhanov* now returns to gift us with *Forty Rooms* which outshines even that prizewinning novel Totally original in conception and magnificently executed *Forty Rooms* is mysterious withholding and ultimately emotionally devastating Olga Grushin is dealing with issues of women's identity of women's choices that no modern novel has explored so deeply *Forty Rooms* is a conceit it proposes that a modern woman will inhabit forty rooms in her lifetime They form her biography from childhood to death For our protagonist the much loved child of a late marriage the first rooms she is aware of as she nears the age of five are those that make up her family's Moscow apartment We follow this child as she reaches adolescence leaves home to study in America and slowly discovers sexual happiness and love But her hunger for adventure and her longing to be a great poet conspire to kill the affair She seems to have made her choice But one day she runs into a college classmate He is sure of his path through life and he is protective of her He is also a great cook They drift into an affair and marriage What follows are the decades of births and deaths the celebrations material accumulations and home comforts until one day her children grown and gone her husband absent she finds herself alone except for the ghosts of her youth who have come back to haunt and even taunt her Compelling and complex *Forty Rooms* is also profoundly affecting its ending shattering but true We know that Mrs Caldwell for that is the only name by which we know her has died Was it a life well lived Quite likely Was it a life complete Does such a life ever really exist Life is after all full of trade offs and choices Who is to say her path was not well taken It is this ambiguity that is at the heart of this provocative novel
