*The New York Times Theatre Reviews 1999-2000* New York Times Theater Reviews, 2001-12 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality *Alice Walker* Sterling Professor of Humanities Harold Bloom, 2009 Presents a selection of criticism devoted to the fiction of African American author Alice Walker **Ancestral voices** James Norman, 1975 **The Cry of the Huna** Moke Kupihea, 2005-05-10 Explores the breakdown in the chain of cultural transmission that has led to the decimation of Hawaiian spirituality and how it can be restored Shows how reconnection to the ancestral ways can be achieved through letting go and forgiveness of the effects of colonization Reveals how the lessons of the decline of Hawaiian spiritual tradition reflect on other religions Clarifies the complex nature of Hawaiian ancestral worship Hawaiian spirituality teaches that individuals can be truly fulfilled only if they are conscious participants in the long ancestral chain of witnessing and transmission that connects the present to the time of origins *The Cry of the Huna* invokes the author's personal history as he recounts the decline of his people's spiritual tradition as a result of colonization The breakdown of the Hawaiians' ties with their sacred land led them to forget not only the teachings of their ancestors but also the chain of *na aumakua* they form which connects this people to both the earth and the realm of the gods While the *na aumakua* can be viewed with reverence it is not seen or worshiped as a God Rather it is seen as a part of the chain of life that arose from one god's vision of creation *Aumakua* is a compound of *makua* parents and *au* the endless ancestral chain that stretches through time Each individual on earth represents a temporary end to that chain As we age and our vision of life slowly looks toward death our descendants come forth to provide the next eyes in the chain of witnessing and transmission *The Cry of the Huna* shows how the rupture of this chain has led to widespread alienation An endless cycle of resentment and revenge is fueled by the loss of the Hawaiians' spiritual birthright The connection to the *aumakua* however can be reforged but only by untying the circular cords of revenge to allow forgiveness to occur in the present so that healing can take place in the future **African pasts** Tim Woods, 2018-09-30 *African pasts* examines African literatures in English since the end of colonialism investigating how they represent African history through the twin matrices of memory and trauma Inextricably tied up with the historical conditions of Africa's colonisation charting the emergence of its independence and scrutinising Africa's contemporary neo colonial and postcolonial states as a legacy of the colonial past African literatures are continually preoccupied with exploring modes of representation to work through their different traumatic colonial pasts Among other issues this book deals with literature in the era of apartheid the post apartheid aftermath metafictional experiments in African fiction gender representation in reaction to the

trauma of colonialism and imprisonment narratives African pasts covers a wide range of African literatures and a cross section of genres fiction poetry prison narratives postcolonial theory and embraces such well known writers as Soyinka Coetzee Ngugi and Achebe and more recent writers such as Nuruddin Farah Tsitsi Dangarembga Achmat Dangor Etienne van Heerden Zakes Mda Gillian Slovo and Calixthe Beyala *Ancestral Voices* John Alexander Hutton, 1916 **Elemental Whispers** Pasquale De Marco, 2025-08-11 *Elemental Whispers* is a journey into the heart of our elemental connection to the world around us In these pages Pasquale De Marco explores the whispers of earth the echoes of water the breath of air the embrace of fire and the rhythm of spirit Through lyrical prose and evocative imagery this book invites us to rediscover the profound wisdom that nature holds We will learn from the ancient forests the flowing rivers the gentle breeze and the flickering flame We will connect with the ancestral voices the power of rituals and the magic of the imagination Along the way we will also confront the shadows of destruction that threaten our world We will witness the corrupting influence the ravages of war and the loss of hope But even in the darkest of times we will find hope in the phoenix rising from the ashes the healing of wounds and the promise of tomorrow Ultimately this book is a celebration of the elemental wisdom that resides within each of us It is an invitation to reconnect with the natural world and to rediscover the power of our own spirits As we listen to the whispers of the elements may we find inspiration guidance and healing If you like this book write a review

[Poetic Structure, Hypnotic Quality and Cognitive Style] Reuven Tsur, 2006-02-07 This book endorses Coleridge's statement nothing can permanently please which does not contain in itself the reason why it is so It conceives Kubla Khan as of a hypnotic poem in which the obtrusive rhythms produce a hypnotic emotionally heightened response giving false security to the Platonic Censor so that our imagination is left free to explore higher levels of uncertainty Critics intolerant of uncertainty tend to account for the poem's effect by extraneous background information The book consists of three parts employing different research methods Part One is speculative and discusses three aspects of a complex aesthetic event the verbal structure of Kubla Khan validity in interpretation and the influence of the critic's decision style on his critical decisions The other two parts are empirical Part Two explores reader response to gestalt qualities of rhyme patterns and hypnotic poems in perspective of decision style and professional training Part Three submits four recordings of the poem by leading British actors to instrumental investigation Sacred Terror Daniel E. Price, 2012-07-19 This book places the current wave of religion based terrorism in a historical perspective explaining why religion is associated with terrorism comparing religion based terrorism to other forms of terrorism and documenting how religion based terrorism is a product of powerful political socioeconomic and psychological forces Religion based terrorism is perceived as one of the most significant threats to U S homeland security in the 21st century Sacred Terror How Faith Becomes Lethal makes the central argument that religion based violence and terrorism is primarily a result of political socioeconomic and psychological forces thereby demystifying religion based terrorism and revealing its inherent similarity to other forms of terrorism and war Daniel Price examines religious texts and traditions in Judaism Christianity and Islam looks at the history of religion based terrorism and explores why religion facilitates violence He builds upon this foundation to explain how religion as an ideological force that motivates violence is not as powerful as commonly believed and that religious fervor is not unlike other non religious ideologies such as Marxism nationalism and anarchism The work also presents in depth analysis of the political socioeconomic and psychological forces that are behind religion based violence and discusses case studies from multiple religions that illustrate the author's argument
