heralds the onset of a new financial era in which the rules for investors will be dramatically different With wit and humor Gross details recommended strategies revealing where the markets are headed and how to ride them to success The Bond King Mary Childs,2022-03-15 From the host of NPR's Planet Money the deeply investigated story of how one visionary dogged investor changed American finance forever Before Bill Gross was known among investors as the Bond King he was a gambler In 1966 a fresh college grad he went to Vegas armed with his net worth 200 and a knack for counting cards 10 000 and countless casino bans later he was hooked so he enrolled in business school The Bond King is the story of how that whiz kid made American finance his casino Over the course of decades Bill Gross turned the sleepy bond market into a destabilized game of high risk high reward founded Pimco one of today's most powerful secretive and cutthroat investment firms helped to reshape our financial system in the aftermath of the Great Recession to his own advantage and gained legions of admirers and enemies along the way Like every American antihero his ambition would also be his undoing To understand the winners and losers of today's money game journalist Mary Childs argues is to understand the bond market and to understand the bond market is to understand the Bond King *A Man for All Markets* Edward O. Thorp,2018-04-17 The incredible true story of the card counting mathematics professor who taught the world how to beat the dealer and as the first of the great quantitative investors ushered in a revolution on Wall Street A child of the Great Depression legendary mathematician Edward O Thorp invented card counting proving the seemingly impossible that you could beat the dealer at the blackjack table As a result he launched a gambling renaissance His remarkable success and mathematically unassailable method caused such an uproar that casinos altered the rules of the game to thwart him and the legions he inspired They barred him from their premises even put his life in jeopardy Nonetheless gambling was forever changed Thereafter Thorp shifted his sights to the biggest casino in the world Wall Street Devising and then deploying mathematical formulas to beat the market Thorp ushered in the era of quantitative finance we live in today Along the way the so called godfather of the quants played bridge with Warren Buffett crossed swords with a young Rudy Giuliani detected the Bernie Madoff scheme and to beat the game of roulette invented with Claude Shannon the world's first wearable computer Here for the first time Thorp tells the story of what he did how he did it his passions and motivations and the curiosity that has always driven him to disregard conventional wisdom and devise game changing solutions to seemingly insoluble problems An intellectual thrill ride replete with practical wisdom that can guide us all in uncertain financial waters *A Man for All Markets* is an instant classic a book that challenges its readers to think logically about a seemingly irrational world Praise for *A Man for All Markets* In *A Man for All Markets* Thorp delightfully recounts his progress if that is the word from college teacher to gambler to hedge fund manager Along the way we learn important lessons about the functioning of markets and the logic of investment The Wall Street Journal Thorp gives a biological summation think Richard Feynman's Surely You're Joking Mr Feynman of his quest to prove the aphorism the house always wins is flawed Illuminating for the mathematically inclined and
