Big Deal 2000 And Beyond:

Big Deal Bruce Wasserstein, 2000 **The ^APublic Company Transformed** Brian Cheffins, 2018-09-28 The Public Company Transformed analyses in a systematic fashion how the public company has evolved since the middle decades of the 20th century The story is carried through to the present day meaning that current hot button public company issues are canvassed insightfully from an historical perspective **Super Searchers on Mergers & Acquisitions** Jan D. Tudor, 2001 This guide details how and where M A experts go online to compile lists of companies that are in the market to buy or sell find the prices paid for similar businesses and identify legal issues that may surface in a deal Business researchers will find sources for hard to find information on companies that may be privately held subsidiaries of another company or based outside of the United States No Trespassing Eva Hemmungs Wirtén, 2004-01-01 In this scholarly yet highly accessible work Eva Hemmungs Wirtén traces three main themes within the scope of cultural ownership authorship as one of the basic features of print culture the use of intellectual property rights as a privileged instrument of control and finally globalization as a pre condition under which both operate Underwritten by rapid technological change and increased global interdependence intellectual property rights are designed to protect a production that is no longer industrial but informational No Trespassing tells the story of a century of profound change in cultural ownership It begins with late nineteenth century Europe exploring cultural ownership in a number of settings across both spatial and temporal divides and concludes in today's global knowledge based society Wirtén takes an interdisciplinary and international approach using a wide array of material from court cases to novels for her purposes From Victor Hugo and the 1886 Berne Convention to the translation of Peter Heg's bestseller Smilla's Sense of Snow Wirtén charts a history of Intellectual property rights and regulations She addresses the relationship between author and translator looks at the challenges to intellectual property by the arrival of the photocopier takes into account the media conglomerate's search for content as a key asset since the 1960s and considers how a Western legal framework interacts with attempts to protect traditional knowledge and folklore No Trespassing is essential reading for all who care about culture and the future regulatory structures of access to it 3-d Negotiation David A. Lax, James K. Sebenius, 2006-08-24 When discussing being stuck in a win win vs win lose debate most negotiation books focus on face to face tactics Yet table tactics are only the first dimension of David A Lax and James K Sebenius pathbreaking 3 D Negotiation TM approach developed from their decades of doing deals and analyzing great dealmakers Moves in their second dimension deal design systematically unlock economic and noneconomic value by creatively structuring agreements But what sets the 3 D approach apart is its third dimension setup Before showing up at a bargaining session 3 D Negotiators ensure that the right parties have been approached in the right sequence to address the right interests under the right expectations and facing the right consequences of walking away if there is no deal This new arsenal of moves away from the table often has the greatest impact on the negotiated outcome Packed with practical steps

and cases 3 D Negotiation demonstrates how superior setup moves plus insightful deal designs can enable you to reach remarkable agreements at the table unattainable by standard tactics
