Big Of Home Learningupdt:

The Great School Rethink Frederick M. Hess, 2023-06-13 An invigorating examination of the potential for meaningful change in education from one of the nation's most astute observers of schooling and school improvement In *The Great School Rethink* education policy sentinel Frederick M Hess offers a pithy and perceptive appraisal of American schooling and finds in the uncertain period following pandemic disruption an ideal moment to reimagine US education Now is the time he asserts to ask hard questions about how schools use time and talent how they work with parents what they do with digital tools and how they meet the needs of their communities As Hess explains to rethink is to acknowledge the realities of the education system while opening one's mind to possibility With characteristic verve and wit Hess guides readers through his rethink process a versatile and easily implemented approach to identifying issues and brainstorming possible responses He encourages readers to explore what improvements might alleviate current pressures and frustrations such as teacher shortages and burnout declining student performance and compromised learning time Whether their goal is to achieve better student engagement increase parent involvement or implement personalized learning readers will develop the mindset to ask the right questions to fully understand the problem that's being solved and to evaluate the probable effectiveness of proposed solutions Brimming with challenging questions robust exercises and eye opening data this book is a must read for education professionals parent advocates and anyone passionate about the future of American education **The Influence**

of Theorists and Pioneers on Early Childhood Education Roy Evans, Olivia N. Saracho, 2022-02-23 The chapters in this book reflect on the major shifts in the views of early childhood thinkers and educators who have contributed to contemporary theoretical frameworks pertaining to early childhood learning The book also revisits and critically analyses the influence of developmental theories on early childhood education starting in the 1890s with the work of G Stanley Hall that established the close association of early childhood education and child development Several chapters comprise critical examinations of the fundamental influence of thinkers such as Piaget Vygotsky Kohlberg Adler Pestalozzi Froebel and so on on early childhood learning The book also contends that these theoretical conceptions of child development have heavily influenced modern views of early childhood education This book is a significant new contribution to early childhood learning and will be a great resource for academics researchers and advanced students of Education Public Policy History of Education Psychology and Sociology The chapters in this book were originally published as a special issue of the *Early Child Development and Care* *COVID-19 and Schools* Robert Maranto, David T. Marshall, 2023-11-07 This book features

contributions from leading experts who present peer reviewed research on how the unprecedented COVID 19 pandemic affected U S teachers students parents teaching practices enrolments and institutional innovations offering the first empirical findings exploring educational impacts likely to last for decades The COVID 19 pandemic presented the greatest crisis in the history of U S schooling with America's 50 states thousands of school systems and tens of thousands of private

and charter schools responding in myriad ways This book brings together peer reviewed empirical research on how U S schools responded and on the educational and health impacts likely to persist for many years Contributors explore how the U S responses differed from those in other countries with slower reopening and both reopening and modes of instruction varying widely across states and school sectors Compared to European countries U S responses to reopening schools reflected political influences more than health or educational needs though this was less true in market based private and charter schools The pandemic was a catalyst for school choice movements across the U S Many parents reacted to school closings by exploring alternatives to traditional public schools including an important and likely permanent innovation small parent created or pod schools As the papers here detail long term student learning loss and health and socioemotional impacts of COVID 19 closings may well last for decades The volume concludes by exploring teacher experiences across different sectors following the pandemic COVID 19 and Schools will be a key resource for academics researchers and advanced students of education education policy and leadership educational research research methods economics sociology and psychology The chapters included in this book were originally published as a special issue of Journal of School Choice
