Big Woods Bird An Ivorybill Story:

Big Woods Bird Terri Roberts Luneau, 2005-01-30 Terri Luneau is the wife of David Luneau who first captured the Ivory Bill woodpecker on videotape in April 2004 This beautifully illustrated children s book tells the story of the woodpecker and its habitat in verse Enter the magical but very real word of the Big Woods of eastern Arkansas and discover what it is like to roam the remote reaches of a swamp forest in search of the elusive woodpecker Lesson plans are available for teachers at www.butlercenter.org

The Grail Bird Tim Gallagher, 2017-04-25 The Grail Bird is an enjoyable read A powerful call for conservation and an exciting bird adventure The Boston Globe What is it about the ivory billed woodpecker Why does this ghost of the southern swamps arouse such an obsessive level of passion in its devotees who range from respected researchers to the flakiest Loch Ness monster fanatics and Elvis chasers Since the early twentieth century scientists have been trying their best to prove that the ivory bill is extinct But every time they think they ve finally closed the door the bird makes an unexpected appearance To unravel the mystery author Tim Gallagher heads south deep into the eerie swamps and bayous of the vast Mississippi Delta searching for people who claim to have seen this rarest of birds and following up sometimes more than thirty years after the fact on their sightings What follows is his own Eureka moment with his buddy Bobby Harrison a true son of the South from Alabama A huge woodpecker flies in front of their canoe and they both cry out Ivory bill This sighting the first time since 1944 that two qualified observers positively identify an ivory billed woodpecker in the United States quickly leads to the largest search ever launched to find a rare bird as researchers fan out across the bayou hoping to document the existence of this most iconic of birds The Grail Bird is less an ecological study than a portrait of human obsession The New York Times

The Race to Save the Lord God Bird Phillip Hoose, 2014-08-26 Tells the story of the ivory billed woodpecker s extinction in the United States describing the encounters between this species and humans and discussing what these encounters have taught us about preserving endangered creatures

Stalking the Ghost Bird Michael K. Steinberg, 2008-03-01 When a kayaker thought he spotted an ivory billed woodpecker in 2004 the birding community took notice Two birders traveled to the bayou where the sighting occurred well aware that the last confirmed sighting of an ivory bill had taken place over sixty years ago Both men caught a glimpse of the bird and a team began to search the surrounding swamplands Even after long hours of surveillance and multiple sightings the scientists cautiously refused to disclose their rediscovery of the extinct bird until they captured it on film At last armed with a short video and sound clip they published their findings in Science triggering a frenzy of media coverage and sparking a controversy among birders and scientists who continue to disagree about whether the bird really still exists In Stalking the Ghost Bird Michael K Steinberg engages the lengthy debate over the ivory bill s status by examining the reported sightings and extensive efforts to find the rare bird in Louisiana Louisiana has long been at the center of the ivory bill s story John James Audubon wrote about the bird and its habitat during his stay in St Francisville and scientists James Tanner and George Lowery studied the ivory

bill in Louisiana in the 1930s and 1940s More recently bird experts have conducted targeted searches in Louisiana Steinberg discusses these and other scientific expeditions and he catalogs reported ivory bill sightings since the 1950s using a detailed timeline that includes both dates and specific locations Interviews with conservation officials ornithologists and native Louisianans illuminate the ongoing controversy and explore why the ivory bill more than any other bird arouses so much attention Steinberg meets elderly residents of the Atchafalaya Basin who saw the ivory bill while hunting in the 1930s and even ate the bird which they called the forest turkey during hard times He paddles into Two O Clock Bayou with one wildlife professor and travels to a cypress filled wildlife refuge with the director of Louisiana s Nature Conservancy His interviews illustrate how expert opinions vary as well as how much local non experts know Steinberg also explores in detail the human impact on both the ivory bill and its bottomland forest habitat explains how forest management practices in the South may pose problems for an ivory bill recovery and outlines where future searches for the bird should take place In this absorbing study Steinberg turns his lifelong interest in the majestic ivory billed woodpecker into a tale that encapsulates both the mystery and intrigue surrounding the legendary bird and our fascination with it Woody's Last Laugh , *Tools for Critical Thinking in Biology* Stephen H. Jenkins,2015-04-28 Featuring a new approach to an undergraduate biology text *Tools for Critical Thinking in Biology* emphasizes and is organized around methods and different ways of experimentation rather than around biological topics The result is a book that teaches new biology students to think critically about a wide range biological questions and subjects **People, Land & Water** ,2005 Fish and Wildlife News U.S. Fish and Wildlife Service,2006 *William Faulkner and the Southern Landscape* Charles Shelton Aiken,2009 Charles S Aiken a native of Mississippi who was born a few miles from Oxford has been thinking and writing about the geography of Faulkner s Yoknapatawpha County for more than thirty years *William Faulkner and the Southern Landscape* is the culmination of that long term scholarly project It is a fresh approach to a much studied writer and a provocative meditation on the relationship between literary imagination and place Four main geographical questions shape Aiken s journey to the family seat of the Compsons and the Snopeses What patterns and techniques did Faulkner use consciously or subconsciously to convert the real geography of Lafayette County into a fictional space Did Faulkner intend Yoknapatawpha to serve as a microcosm of the American South In what ways does the historical geography of Faulkner s birthplace correspond to that of the fictional world he created Finally what geographic legacy has Faulkner left us through the fourteen novels he set in Yoknapatawpha With an approach methodology and sources primarily derived from historical geography Aiken takes the reader on a tour of Faulkner s real and imagined worlds The result is an informed reading of Faulkner s life and work and a refined understanding of the relation of literary worlds to the real places that inspire them *The Blue Bill* ,2004

The Top Books of the Year Big Woods Bird An Ivorybill Story The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Big Woods Bird An Ivorybill Story : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
