Billy Rags:

Billy Rags T. Lewis,1973-01 **Billy Rags** Ted Lewis,2015-03-17 A fascinating window in on life in a British maximum security prison Billy Rags by the author of Get Carter is crime fiction at its best lean mean and full of startling psychological depth It s the 1960s and Billy Cracken is a hard man to keep locked up An austere and troubled childhood has given way to life as a hardened criminal and now status as one of the most feared prisoners in England He has been moved from one maximum security prison to the next Guards and inmates alike fear and begrudgingly respect the powerfully built Cracken But a life doing his porridge even if as a minor celebrity isn t the one he wants A girlfriend and a child await Cracken on the outside and he ll stop at nothing to get to them While plotting his escape he crosses a powerful mobster who vows to make Cracken s life hell and if nothing else succeeds at making his escape all the more difficult something the ever rebellious Cracken defiantly relishes The follow up novel to the wildly successful Get Carter Billy Rags is a fascinating look into the lives of British inmates serving time in a maximum security prison Lewis manages once again to tell an exciting action filled story with a soul demonstrated most clearly in a series of brilliant flashbacks to Billy s childhood and in the end conjures a character that will remind readers of both Tom Hardy in Bronson and Lee Marvin in Point Blank **1001 Rags ~**

1897-1920 Thomas Inglis,2010 *The Little Corporal* ,1872 Getting Carter Nick Triplow,2017-10-25 The story of Ted Lewis carries historical and cultural resonances for our own troubled times Ted Lewis is one of the most important writers you ve never heard of Born in Manchester in 1940 he grew up in the tough environs of post war Humberside attending Hull College of Arts and Crafts before heading for London His life described a cycle of obscurity to glamour and back to obscurity followed by death at only 42 He sampled the bright temptations of sixties London while working in advertising TV and films and he encountered excitement and danger in Soho drinking dens rubbing shoulders with the East End boys in gangland haunts He wrote for Z Cars and had some nine books published Alas unable to repeat the commercial success of Get Carter Lewis s life fell apart his marriage ended and he returned to Humberside and an all too early demise Getting Carter is a meticulously researched and riveting account of the career of a doomed genius Long time admirer Nick Triplow has fashioned a thorough sympathetic and unsparing narrative Required reading for noirists this book will enthrall and move anyone who finds irresistible the old cocktail of rags to riches to rags **By the Sandhills of Yamboorah** Reginald Ottley,2003 Outside he sniffed the smells that hung in the quiet stillness the bitter sweet peppercorns and the tangy saltbush Even the dust had a scent of far off places as if it had drifted miles It made you think of warm red earth being blown along by the wind In this timeless story a boy struggles to come to terms with the loneliness of the Australian outback and the ruthlessness of living and working on a remote property With Brolga the cattle dog and her pup Rags as his only companions the boy begins a journey of self discovery It is a journey that will take him outside the confines of the Yamboorah cattle station and into the vast unrelenting sandhills beyond It is the deeply human and moving narratives of writers like Reginald

Ottley bringing to life an ordinary boy who survives physical and emotional isolation and loneliness of spirit who can point the way to survival and to ultimate wholeness Maurice Saxby

Plender Ted Lewis, 2018-10-24 Ted Lewis is one of England s finest but still most neglected post war writers Two men share a common history Growing up together in the small town of Barton Upon Humber in Lincolnshire England Peter Knott is everything that Brian Plender wishes he were Knott is suave good looking an exemplary student and popular The friendship they maintain is as important to Plender as it is forgettable to Knott and eventually leads to a lasting humiliation for Brian Years later Brian Plender is a dangerous man a private investigator who specializes in extortion blackmail and intimidation Knott meanwhile is a family man adrift beholden to his wife for money When at a bar he uses to set up marks Plender spots Knott with a girl way too young to be his wife he decides to follow the pair and see what happens What follows is an edge of your seat trip into a nightmare story that manages to be both incredibly creepy and eerily profound

The Rabbit Ted Lewis, 2015-10-20 Reminiscent of the work of American writers J D Salinger and Henry Roth The Rabbit is Ted Lewis s Get Carter most autobiographical work and an emotionally complex portrait of what it was to come of age in post war England It is the late 1950s and Victor Graves is an art school student whose father manages a rock quarry not far from their home in Lincolnshire He is the apple of his mother s eye but Victor s dad thinks his son takes for granted the life he provides He sets Victor up to work in the quarry for the summer holiday breaking rocks to harvest flint It is in the quarry that the thin awkward Victor meets Clacker Tattooed and sinewy Clacker swings the rock hammer all day and by night kits out in Teddy boy trappings for long bouts of carousing For Victor he epitomizes masculinity Yet the always glib Clacker refuses to accept Victor Desperate to prove himself the sensitive Victor begins to spend more time in pubs and picking fights Everything begins to unravel after a disturbing incident at work sends Victor on a dangerous downward spiral Though known best as one of Britain s most important crime writers Ted Lewis had the soul of a poet This powerfully emotional novel is a moving portrait of small town life the pubs and the people the workaday life as seen by a young man navigating through the cultural and sexual confusion of 1950s England
