hypostasis strong essentializing tendencies teleology its imagined end normativity the set of often utopian and Eurocentric discourses that guide it and enterprise the attempt to undertake large projects often ones of social engineering to attain this end The chapters in this volume reveal these tendencies while offering new paths to escape them Visit <http://www.rethinkingpeacestudies.com> for further details on the Rethinking Peace Studies project *Demonizing the Other* Robert S. Wistrich, 2013-03-07 At the close of the twentieth century the stereotyping and demonization of others whether on religious nationalist racist or political grounds has become a burning issue Yet comparatively little attention has been paid to how and why we fabricate images of the other as an enemy or demon to be destroyed This innovative book fills that gap through an interdisciplinary cross cultural approach that brings together a distinguished array of historians anthropologists psychologists literary critics and feminists The historical sweep covers Greco Roman Antiquity the Middle Ages and the Modern Era Antisemitism receives special attention because of its longevity and centrality to the Holocaust but it is analyzed here within the much broader framework of racism and xenophobia The plurality of viewpoints expressed in this volume provide fascinating insights into what is common and what is unique to the many varieties of prejudice stereotyping demonization and hatred *Silensophy* Subhash Vasist, 2025-04-23 In this insightful and transformative work Subhash Vasist explores the deep psychological and spiritual power of stillness as a gateway to self discovery clarity and inner freedom Drawing from timeless wisdom and modern insights this book offers a simple yet profound framework for understanding the mind identity and the silent witness within Whether you're on a journey of spiritual growth emotional healing or simply seeking more meaning in life this book provides practical guidance and gentle encouragement to return to your center Learn how to become an active witness of your thoughts Understand the ego without battling it Experience inner silence as a living force Discover the transformative essence of Silensophy the philosophy of active stillness Start your inner journey today Unlock the limitless power of stillness and awaken to a more fulfilled meaningful life from the inside out
