Botanical Icons Andrew Griebeler,2024-02-28 A richly illustrated account of how premodern botanical illustrations document evolving knowledge about plants and the ways they were studied in the past This book traces the history of botanical illustration in the Mediterranean from antiquity to the early modern period By examining Greek Latin and Arabic botanical inquiry in this early era Andrew Griebeler shows how diverse and sophisticated modes of plant depiction emerged and ultimately gave rise to practices now recognized as central to modern botanical illustration The author draws on centuries of remarkable and varied documentation from across Europe and the Mediterranean Lavishly illustrated Botanical Icons marshals ample evidence for a dynamic and critical tradition of botanical inquiry and nature observation in the late antique and medieval Mediterranean The author reveals that many of the critical practices characteristic of modern botanical illustrations began in premodern manuscript culture Consequently he demonstrates that the distinctions between pre and early modern botanical illustration center more on the advent of print the expansion of collections and documentation and the narrowing of the range of accepted forms of illustration than on the invention of critical and observational practices exclusive to modernity Griebeler s emphasis on continuity intercultural collaboration and the gradual transformation of Mediterranean traditions of critical botanical illustration persuasively counters previously prevalent narratives of rupture and Western European exceptionalism in the histories of art and science

The World of Plants in Renaissance Tuscany Cristina Bellorini,2016-09-13 In the sixteenth century medicinal plants which until then had been the monopoly of apothecaries became a major topic of investigation in the medical faculties of Italian universities where they were observed transplanted and grown by learned physicians both in the wild and in the newly founded botanical gardens Tuscany was one of the main European centres in this new field of inquiry thanks largely to the Medici Grand Dukes who patronised and sustained research and teaching whilst also taking a significant personal interest in plants and medicine This is the first major reconstruction of this new world of plants in sixteenth century Tuscany Focusing primarily on the medical use of plants this book also shows how plants while maintaining their importance in therapy began to be considered and studied for themselves and how this new understanding prepared the groundwork for the science of botany More broadly this study explores how the New World s flora impacted on existing botanical knowledge and how this led to the first attempts at taxonomy *Plants in 16th and 17th Century* Fabrizio Baldassarri,2023-07-04 In the pre modern times while medicine was still relying on classical authorities on herbal remedies a new engagement with the plant world emerged This volume follows intertwined strands in the study of plants examining newly introduced species that captured physicians curiosity expanded their therapeutic arsenal and challenged their long held medical theories The development of herbaria the creation of botanical gardens and the inspection of plants contributed to a new understanding of the vegetal

world Increased attention to plants led to account for their therapeutic virtues to test and produce new drugs to recognize the physical properties of plants and to develop a new plant science and medicine Garden Tourism Richard Benfield,2013 Garden visitation has been a tourism motivator for many years and can now be enjoyed in many different forms Private garden visiting historical garden tourism urban gardens and a myriad of festivals shows and events all allow the green fingered enthusiast to appreciate the natural world This book traces the history of garden visitation and examines tourist motivations to visit gardens Useful for garden managers and tourism students as well as casual readers it also examines management and marketing of gardens for tourism purposes before concluding with a detailed look at the form and tourism based role of gardens in the future **Yoga Journal** ,2005-01 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty *Botanical Abstracts* Board of Control of Botanical Abstracts,1924 **Yoga Journal** ,2004-11 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty
