The Child ,1953 *Sports in Zion* Richard Ian Kimball,2010-10-01 If a religion cannot attract and instruct young people it will struggle to survive which is why recreational programs were second only to theological questions in the development of twentieth century Mormonism In this book Richard Ian Kimball explores how Mormon leaders used recreational programs to ameliorate the problems of urbanization and industrialization and to inculcate morals and values in LDS youth As well as promoting sports as a means of physical and spiritual excellence Progressive Era Mormons established a variety of institutions such as the Deseret Gymnasium and camps for girls and boys all designed to compete with more worldly attractions and to socialize adolescents into the faith Kimball employs a wealth of source material including periodicals diaries journals personal papers and institutional records to illuminate this hitherto underexplored aspect of the LDS church In addition to uncovering the historical roots of many Mormon institutions still visible today *Sports in Zion* is a detailed look at the broader functions of recreation in society *Archetypes and Motifs in Folklore and Literature: A Handbook* Jane Garry,Hasan El-Shamy,2017-07-05 This is an authoritative presentation and discussion of the most basic thematic elements universally found in folklore and literature The reference provides a detailed analysis of the most common archetypes or motifs found in the folklore of selected communities around the world Each entry is written by a noted authority in the field and includes accompanying reference citations Entries are keyed to the Motif Index of Folk Literature by Stith Thompson and grouped according to that Index s scheme The reference also includes an introductory essay on the concepts of archetypes and motifs and the scholarship associated with them This is the only book in English on motifs and themes that is completely folklore oriented deals with motif numbers and is tied to the Thompson Motif Index It includes in depth examination of such motifs as Bewitching Chance and Fate Choice of Roads Death or Departure of the Gods the Double Ghosts and Other Revenants the Hero Cycle Journey to the Otherworld Magic Invulnerability Soothsayer Transformation Tricksters

Hopewell Village Joseph E. Walker,2016-11-11 Before 1840 the American iron industry consisted in the main of small furnaces obliged by their need of the charcoal they used for fuel to locate in areas of heavy forest Around these isolated furnaces grew communities of workers and their families and of the farmers and service people who supplied their needs In hundreds of forest clearings there could be found rural industrial settlements as distinctive in form and as important in product as the New England town or the Southern plantation Hopewell Village tells the story of one such community which from 1771 to 1883 made iron in Southern Berks County Pennsylvania What little has been written about the iron villages has concentrated largely on the techniques of furnace operation This book is concerned with the lives of the people of the iron plantations from the wealthy ironmaster to the youngest indentured servant and how they interacted with each other and with the outside world in work religion education and play Special attention has been given to the lives of minorities While every part of the book is documented for the scholar reader the style of writing is plain enough to be read with meaning by
