**The Signifying Power of Pearl** Jane Beal, 2016-12-08 This book enhances our understanding of the exquisitely beautiful fourteenth century Middle English dream vision poem *Pearl*. Situating the study in the contexts of medieval literary criticism and contemporary genre theory, Beal argues that the poet intended *Pearl* to be read at four levels of meaning and in four corresponding genres: literally an elegy, spiritually an allegory, morally a consolation, and anagogically a revelation. The book addresses cruxes and scholarly debates about the poem's genre and meaning, including key questions that have been unresolved in *Pearl* studies for over a century: What is the nature of the relationship between the Dreamer and the Maiden? What is the significance of allusions to Ovidian love stories and the use of liturgical time in the poem? How does avian symbolism like that of the central symbol of the pearl develop, transform, and add meaning throughout the dream vision? What is the nature of God portrayed in the poem, and how does the portrayal of the Maiden's intimate relationship to God, her spiritual marriage to the Lamb, connect to the poet's purpose in writing? Noting that the poem is open to many interpretations, Beal also considers folktale genre patterns in *Pearl*, including those drawn from parable, fable, and fairy tale. The conclusion considers *Pearl* in the light of modern psychological theories of grieving and trauma. This book makes a compelling case for re-reading *Pearl* and recognizing the poem's signifying power. Given the ongoing possibility of new interpretations, it will appeal to those who specialize in *Pearl*, as well as scholars of Middle English, Medieval Literature, Genre Theory, and Literature and Religion.

**George Herbert** Thomas Stearns Eliot, 1994 Peter Porter's new introduction gives a fresh perspective on the poetry of George Herbert and on T. S. Eliot's study of the poet itself.

**Inventing Eden** Zachary McLeod Hutchins, 2014-06-24 Previous scholars have noted the Puritans' Edenic descriptions of New World landscapes, but *Inventing Eden* is the first study to fully uncover the integral relationship between the New England interest in paradise and the numerous iconic intellectual artifacts and social movements of colonial North America. Harvard Yard, the Bay Psalm Book, and the Quaker use of antiquated pronouns like *thee* and *thou*—these are products of a seventeenth-century desire for Eden. So too are the evangelical emphasis of the Great Awakening, the doctrine of natural law popularized by the Declaration of Independence, and the first United States judicial decision abolishing slavery. Be it public nudity or Freemasonry, Zachary Hutchins convincingly shows how a shared wish to bring paradise into the pragmatic details of colonial living had a profound effect on early New England life and its substantial culture of letters. Spanning two centuries and surveying the works of major British and American thinkers from James Harrington and John Milton to Anne Hutchinson and Benjamin Franklin, *Inventing Eden* is the history of an idea that irrevocably altered the theology, literature, and culture of colonial New England and eventually the new republic.

**Pearl** Sarah Stanbury, 2001-12-01 *Pearl* resists identification by author, date, occasion, or place of composition; still, it is almost unanimously hailed as one of the masterpieces of our literature, so skilled is its author, so eloquent its language. It is a story, according to Sarah Stanbury, of crossing over, of stepping out from the ordinary life into a

parallel universe where things operate by different natural laws down the rabbit hole through the wardrobe or looking glass across the ocean to be shipwrecked on Prospero's island or more recently across a bridge to the island of Willow Springs in Gloria Naylor's haunting novel *Mama Day* where the crossing over moves into a place of memory and hope the nostalgic space of home as well as Beulah or Eden the earthly paradise

**Blake and the City** Jennifer Davis Michael, 2006 Though usually classified as a Romantic Blake subverts and dissolves the binaries on which Romanticism turns self and other art and nature country and city Rather than reject the city outright like many of his contemporaries Blake embraces it as the intricate workshop of human imagination Each chapter of this book focuses on a specific text of Blake's that illustrates a particular conception of metaphorical embodiment of the city These shifting metaphors emphasize the construction of all human environments and the need for imaginative labor to build and interpret them This study seeks to bridge a gap between transcendent and historicist readings of Blake while at the same time challenging assumptions that still color our view of the city in the twenty first century Jennifer Davis Michael is Associate Professor of English at the University of the South

*God and the Gawain-poet* Cecilia A. Hatt, 2015 A fresh examination of the four poems of the Cotton manuscript arguing that they share a profound theological vision

**A New Earth** Douglas Thorpe, 1991 This rigorous study examines the metaphorical language of three important Christian poems in terms of their biblical antecedents combining Augustinian sign theory with contemporary philosophical theological and literary discussions of metaphor Readers comfortable with current theories of metaphor particularly with its theological implications for re-vision will find this book rewarding

Christianity and Literature *Telling Tears in the English Renaissance* Marjory E. Lange, 2021-12-06 Tears and weeping are at once human universals and socially constrained phenomena This volume explores the interface between those two viewpoints by examining medical literature sermons and lyric poetry of the 16th and 17th centuries to see how dominant paradigms regarded who could who must and who must not weep These paradigms shifted in some cases radically during these centuries Without a clear understanding of how the Renaissance read tears it is difficult to avoid using our own preconceptions often quite different and very misleading There are five chapters one on medical and scientific material two on sermons and two on different types of lyric

**Christianity & Literature**, 1991

**Pearl**, 1995 The anonymous author of the poem Pearl is rated with Langland and Chaucer as one of the greatest Middle English poets And while a number of editions of this poem have been published including E V Gordon's 1953 edition and Marie Borroff's 1977 verse translation no edition until now has included a verse translation Middle English text and commentary in one volume William Vantuono's edition of Pearl is certain to become a classroom standard because it contains for the first time a Middle English text with a facing page Modern English verse translation as well as extensive scholarly apparatus Pearl is the first of four poems in a manuscript dated around 1400 A D The other three poems in this manuscript are Cleanliness Patience and Sir Gawain and the Green Knight According to Vantuono's introduction it is conceivable that Pearl was written for a nobleman perhaps the poet's

patron who had lost a young daughter. However, many unanswered questions remain about the circumstances surrounding the poet and his writing of *Pearl*. Was he a layman or a priest? Is *Pearl* primarily elegy or allegory? Was the pearl maiden his daughter, and if so, can that fact be reconciled with the possibility that the poet was a clergyman? This volume contains an extensive commentary covering all matters from minute textual problems to the various debates about the poem's theme and genre. Appendices discuss versification, dialect, and language, and sources and analogues. Two bibliographies list over 500 items through the early 1990s, and the book concludes with a full glossary. *Pearl: An Edition with Verse Translation* will appeal to scholars confronted with the tasks of studying and teaching medieval literature to students in college and university classrooms. It is a book designed for specialists and non-specialists, students and general readers.
