**The Naval Route to the Abyss** Frank Nögler, Prof Dr Michael Epkenhans, Dr Matthew S Seligmann, 2015-01-28 The Anglo German rivalry in battleship building at the beginning of the twentieth century has been blamed by many as a major cause of the First World War yet the Great Naval Race has not received the attention that its notoriety would merit This volume facilitates an understanding of how the two parties interacted by providing a comprehensive survey of existing scholarship as well as important primary sources from a range of archives By offering German documents in their original text and in English translation this book makes the German role in this conflict accessible to English speakers for the first time

*At the Abyss* Thomas Reed, 2007-12-18 The Cold War was a fight to the death notes Thomas C Reed fought with bayonets napalm and high tech weaponry of every sort save one It was not fought with nuclear weapons With global powers now engaged in cataclysmic encounters there is no more important time for this essential epic account of the past half century the tense years when the world trembled At the Abyss Written by an author who rose from military officer to administration insider this is a vivid unvarnished view of America's fight against Communism from the end of WWII to the closing of the Strategic Air Command a work as full of human interest as history rich characters as bloody conflict Among the unforgettable figures who devised weaponry dictated policy or deviously spied and subverted Whittaker Chambers the translator whose book *Witness* started the hunt for bigger game Communists in our government Lavrenti Beria the head of the Soviet nuclear weapons program who apparently killed Joseph Stalin Col Ed Hall the leader of America's advanced missile system whose own brother was a Soviet spy Adm James Stockwell the prisoner of war and eventual vice presidential candidate who kept his terrible secret from the Vietnamese for eight long years Nancy Reagan the Queen of Hearts who was both loving wife and instigator of palace intrigue in her husband's White House From Eisenhower's decision to beat the Russians at their own game to the Missile Gap of the Kennedy Era to Reagan's vow to lean on the Soviets until they go broke all the pivotal events of the period are portrayed in new and stunning detail with information only someone on the front lines and in backrooms could know Yet *At the Abyss* is more than a riveting and comprehensive recounting It is a cautionary tale for our time a revelation of how those years came to be known as the Cold War not World War III
