Autopsied Existence:

Autopsy of Human History Frank Wang, 2024-04-30 Travel with me to find the beginning of the world observe with me to seek patterns of history rejoice with me for the Bible is key This book discusses the entire world history in cycles and numbers in comparative reasoning and reveals the universal changes of key civilizations **God's Autopsy and the Living Truth of Soul** Hal Childs, 2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God's Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung's psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself

Technological Society The Political Illusion and Propaganda asks a tremendous question and shows that the answer we give it is decisive for the future of our society Can we learn from history what revolution really is necessary for our survival That is can we distinguish between senseless ineffectual revolt or rebellion and a genuine revolution that can alter fundamentals In his basic closely reasoned way Jacques Ellul examines past and recent history in light of the current overwhelming preoccupation with revolution which seems to have become the daily bread of Western man s thoughts and actions the immediate explanation for every historical movement Ellul insists on examining the possibility that today we are projecting onto past events a fairly recent and distorted image of revolution The new image was created by Marx in the nineteenth century and Ellul questions how long we can continue to live on his legacy More important he suggests that Marx may have

brought about an abrupt deviation of the necessary revolutionary current and given a false meaning to the word revolution Is all our talk about Marxian revolution talk about reality or a way of filling a void with words Finally among so many social eddies and agitations are we today caught up in a really revolutionary movement or are we being led into blind combat by false lights that in reality are reflections in distorting mirrors Are we capable of discerning the real Revolution the needed Revolution Ellul does not map out a route in detail he clears paths into the future making it possible for a route to be found His masterly book should help to change our thinking and therefore our future

The Hospital Autopsy Julian Burton, Guy Rutty, 2010-06-25 Now in full colour this new and revised edition of The Hospital Autopsy presents a clear and systematic approach to safe and effective modern autopsy practice for pathologists It begins by discussing issues such as legislation governing autopsies religious attitudes and ensuring safety before covering the procedures of external examination

Essentials of Autopsy Practice Guy N. Rutty, 2006-03-06 A practical hands on bench book covering difficult areas of autopsy for the modern pathologist Rutty's book is unique chapters deal with issues never previously discussed and have been specifically selected to fill a gap in the market not just re hash old ideas Designed for consultants and trainees alike not only pathologists of all types but also non medics involved with the dead in any way lawyers police bereavement officers undertakers The first volume has become a reference aid to autopsy issues for all grades of lawyers Thus the audience that the book reaches is greater than a pure autopsy or forensic pathology textbook

Sites of Autopsy in Contemporary Culture Elizabeth Klaver, 2012-02-01 In this compelling interdisciplinary study Elizabeth Klaver considers how autopsies are performed in a variety of contexts from the real thing in hospitals and county morgues to various depictions in paintings novels plays films and television shows Autopsies can serve a variety of pedagogical legal scientific and social functions and the autopsied cadaver Klaver shows has lately become one of the most spectacular bodies offered up to the public on film television and the Internet Setting her discussion within the history of the modern autopsy and including the narrative of her own attendance at a medical autopsy Klaver makes the autopsy readable in a number of diverse venues from Rembrandt's The Anatomy Lesson and Vesalius's Fabrica to The Silence of the Lambs The X Files and CSI Moving from the actual autopsy itself to its broader symbolic ramifications Klaver addresses questions as disparate as the social constructedness of the body the perception and treatment of death under late capitalism and the ubiquity of paranoia in contemporary culture
