Avoiding Jesus Answers For Skeptics Cynics And The Curious Southern Icons:

Avoiding Jesus Michael Green, 2005 Green examines some of the most common excuses for avoiding Jesus and Christianity and variously refutes and validates them *Answers for the Honest Skeptic* Ted Even, 2020-11-25 It is true that mankind himself has probably always been characterized with the main desire to determine just what spiritual truth really is For centuries and centuries highly educated philosophers and religious men alike have always stood toe to toe disagreeing on spiritual truth Since they cannot all be right this would strongly indicate that education religious persuasion or even intelligence has little to do with our discovery of the real spiritual truth For if these things were truly critical then obviously the spiritual intellectual giants of history would have agreed on spiritual truth long ago In this work author Ted Even endeavors to show that the disagreeing intellectuals skeptics of the past only serve to reinforce Christ's radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis However while super intelligence or big degrees may not be necessary the discovery of spiritual truth does require just one very reasonable quality of heart which little children have always possessed Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing **The Problem of God , Answers for the Honest Skeptic** Ted Even, 2021-02-24 It is true that mankind himself has probably always been characterized with the main desire to determine just what spiritual truth really is For centuries and centuries highly educated philosophers and religious men alike have always stood toe to toe disagreeing on spiritual truth Since they cannot all be right this would strongly indicate that education religious persuasion or even intelligence has little to do with our discovery of the real spiritual truth For if these things were truly critical then obviously the spiritual intellectual giants of history would have agreed on spiritual truth long ago In this work author Ted Even endeavors to show that the disagreeing intellectuals skeptics of the past only serve to reinforce Christ's radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis However while super intelligence or big degrees may not be necessary the discovery of spiritual truth does require just one very reasonable quality of heart which little children have always possessed Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing *I Once Was Lost* Don Everts, Doug Schaupp, 2008-04-04 Don Everts and Doug Schaupp tell the stories of postmodern people who have come to follow Jesus They describe the factors that influence how people shift in their perspectives and become open to the Gospel They provide practical tools to help people enter the kingdom as well as guidelines for how new believers can live out their Christian faith *One Minute Answers to Skeptics* Charlie Campbell, 2018-07-15 Could you use help answering atheists skeptics and agnostics top 50 objections and questions about

God and the Bible Objections like Why doesn't God just appear to us in a public setting and prove He exists The New Testament authors stole details for Jesus's life story from religions that were around long before Christianity The God of the Old Testament commanded the Israelites to commit genocide The Bible condones slavery Only evil selfish men would concoct a book like that You think Christianity is true because you live in the West and were brought up in the Christian faith If you had been born in India you'd be a Hindu Learn how these and other objections and questions can be answered in this updated and expanded edition of One Minute Answers to Skeptics Charlie Campbell's books and materials are incredible beautifully illustrated thoroughly researched and very well written He is an apologist extraordinaire Don't miss his stuff it will stretch your mind stir your soul and bless your heart Dr Ed Hindson Distinguished Professor of Religion at Liberty University and Gold Medallion award winning author of 40 books **Pursuing Truth and Finding Jesus J.**

Mihail, 2021-04-27 Find peace in life without blaming God for your pain even if you're mad at The Church Here's how Does it feel like there's more pain in your life than there should be Do you catch yourself frequently blaming God when things go wrong Maybe something traumatic happened in your life to make you question your religious beliefs According to the Cooperative Congressional Election Study 31% of Americans are religiously unaffiliated and I think the question to ask is why Many religious skeptics don't believe in God because they don't want to put their faith in the writings of dead men whom they've never met and that may sound fair on its surface but life isn't always so black and white Have you ever actually asked yourself why you believe what you believe Is it because you're more inclined to believe what's supposedly backed by science Or do you just believe what you're told because it's easier to run with the crowd than to think for yourself It's normal to want to trust popular science and the mainstream media After all the information presented is so readily available at the click of a button However a healthy dose of skepticism and a willingness to dive deeper into the facts is key to finding the truth The Bible offers substantially more truth than you might think especially if you've had a negative experience in church or with so-called believers in the past Keep searching whether or not you find the answers you were hoping for my hope is that you'll find the answers you need In Pursuing Truth Finding Jesus you will discover Why God doesn't always answer our prayers the way we want Him to A glimpse at why everyone who tries to disprove Christianity can never prove that anything the Bible claims is false Perspective on why pain exists and why it's necessary for your well-being The mindset needed to leverage your pain to become stronger and more resilient Key aspects of what it takes to be a free thinker in order for you to discover the truth How you can massively reduce limiting beliefs and open your mind and heart And much more If you're hesitant because of your current perception of Christianity you may not yet fully understand the beautiful truths that come from studying Christ's life death and resurrection Pursuing Truth Finding Jesus isn't here to convert you it will simply guide you towards a greater understanding of who God is as Father and who Jesus is as Saviour It's time to stop believing everything you're told and become an honest skeptic willing to learn and grow If you're ready to begin this journey together then scroll up and click
