Awakenings In An Age Of Angles:

The Magdalene Awakening L. Shannon Andersen, 2006 This book is the result of a deep and profound quest for origins meaning and healing written at a time when the human condition appears more fractured from within than at any other time in history In writing The Magdalene Awakening Shannon Anderson has successfully journeyed to that sacred space and has lifted the veil for her readers revealing the atrium of immortality and enticing them to come and join her on her high mission The smooth narrative style of the book weaves together a magical journey through the author's quest for the true Magdalene energy the origins of the Cathars the Gematria that holds the sacred key and in the end a call for transformation This story is a page turner written by someone who knows and who allows her readers the rare opportunity to discover these mysteries for themselves but with the benefit of her company and wisdom to help them on their path Maria Magdalena Colavito Ph D author of The Pythagorean Intertext in Ovid's Metamorphoses The New Theogony Mythology for the Real World **Souls of Distortion Awakening** J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago More and more scientists are discovering that both disciplines are only two sides of the same coin We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united The Southern Awakening Barnard Sims, 2022-01-19 Barbers and beauticians are expertly positioned to have a hand on the pulse of their communities and Barnard the Barber is no exception Learning from his village as the barber the author shares those lessons learned on how we can liberate the rural South by building antiracist communities everywhere This book provides actionable steps that each of us can take in righteous indignation to sign our own Emancipation Proclamations These solutions are formatted into eight postulates in homage to the eight principles of Charlamagne Tha God's book Black Privilege Opportunity Comes to Those Who Create It In this book you will learn how to create a blueprint for your own life's divine path leverage and utilize the infrastructure of our established hair care networks become the bridge of wisdom between our ancestors and our youth today The author emphasizes that all white people are not evil it's just that those who are wicked in America have taken immorality to an unfettered and unmatched extreme Similarly not all Republicans are racists but today's Republican Party is a perfect place for racists to hide their ideologies The Southern Awakening will guide you to discovering the true redemption of self liberation **The Awakening** udey adoga, Hunted by monsters Emily Craine finds herself trapped in a war between demons and those who hunt them As she struggles to survive she discovers a forgotten secret that magic is real While her journey brings her deeper into the world of the supernatural She finds herself being protected by a man whose past is the real danger Can this man protect

Emily and confront his inner demons if he hopes to reawaken his lost magic Then escape the realm they are trapped in before time runs out **Appalachian Awakening** Nance Sparks,2024-01-16 Facing yet another failed relationship and a full blown identity crisis after losing her job in a corporate merger unemployed executive Amber Shaw realizes she hasn't been happy in a long time Who is she if not a CEO and if everything she's worked for hasn't made her happy what will Inspired after learning about the Appalachian Trail Amber sets off in hopes of figuring it all out Leslie Brown lives life on her own terms with nothing to tie her down She's an experienced hiker and has one final trail left on her bucket list the Appalachian Trail Only problem all her friends have settled down and started lives that don't allow for seven months away from responsibilities She's out there alone Amber and Leslie assume they are polar opposites based on their first impressions of each other but the more their paths cross the more this hike of a lifetime begins to look like a love of a lifetime **Beyond 2012: Catastrophe**

or Awakening? Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date
