Understanding Jonathan Coe Merritt Moseley, 2016-07-30 An examination of the life career and oeuvre of the British novelist and biographer In *Understanding Jonathan Coe* the first full length study of the British novelist

Merritt Moseley surveys a writer whose experimental technique has become increasingly well received and critically admired. Coe is the recipient of the John Llewellyn Rhys Prize, the Prix Medicis, the Priz du Meilleur Livre Etranger, the Bollinger Everyman Wodehouse Prizes for Fiction, and the Samuel Johnson Prize for Nonfiction. His oeuvre includes eleven novels and three biographies, two of famous Hollywood actors, Humphrey Bogart and Jimmy Stewart, and one of English modernist novelist B.S. Johnson. Following an introductory overview of Coe's life and career, Moseley examines Coe's complex engagement with popular culture, his experimental technique, his political satire, and his broad canvased depictions of British society. Though his first three books, *An Accidental Woman*, *A Touch of Love*, and *The Dwarves of Death*, received little notice upon publication, Moseley shows their strengths as literary works and as precursors. In 1994, Coe gained visibility with *What a Carve Up*, which has remained his most admired and discussed novel. He has since published a postmodern take on sleep disorders and university students, *The House of Sleep*, a two-volume roman fleuve consisting of *The Rotters Club* and *The Closed Circle*, a touching account of a lonely woman's life, *The Rain before It Falls*, a satiric vision of a misguided life, *The Terrible Privacy of Maxwell Sim*, and a domestic comedy thriller set at the 1958 world's fair in Brussels, *Expo 58*. Moseley explicates these works and discusses the recurring features of Coe's fiction: political consciousness, a deep artistic concern with the form of fiction, and comedy.

Bowstring Viktor Shklovsky, 2011-07-07. Myths do not flow through the pipes of history, writes Viktor Shklovsky; they change and splinter, they contrast and refute one another. The similar turns out to be dissimilar. Published in Moscow in 1970 and appearing in English translation for the first time, *Bowstring* is a seminal work in which Shklovsky redefines estrangement (*ostranenie*) as a device of the literary comparatist: the person out of place who has turned up in a period where he does not belong and who must search for meaning with a strained sensibility. As Shklovsky experiments with different genres, employing a technique of textual montage, he mixes autobiography, biography, memoir, history, and literary criticism in a book that boldly refutes mechanical repetition, mediocrity, and cultural parochialism in the name of art that dares to be different and innovative. *Bowstring* is a brilliant and provocative book that spares no one in its unapologetic project to free art from conventionality.

Power in Politics and Academia in Jonathan Coe's Novels Denisa Dumitrascu, 2018-04-18. This book explores the intricate manifestations of contemporary power, its related ideology, and the resistance and reaction to the dominant discourse in Jonathan Coe's political fiction, covering the dismantling of the British social democratic consensus, Thatcherism and Blairism, up to the new ideology of Globalism. Beyond the predictable dichotomy of support/opposition to power, the book argues the modern individual seems to have found another ontological approach for which it coins the concept of intentional unpower. Furthermore, it demonstrates that there are three possibilities regarding the evolution of this type of social response and invites the readers to discover them while enjoying Coe's subtlety and humour. Given its broad approach, the book will appeal to researchers in a wide range of domains, including literary and cultural studies, political theory, and sociology, as well as any reader fascinated with the essence of power, intellectual

response and discourses containing their own elements of subversion Jonathan Coe Philip Tew, 2018-03-22 In novels such as *What A Carve Up* and *The Rotters Club* Jonathan Coe has established himself as one of the great satirical writers of our time. Covering all of his major novels including his most recent book *Number 11* Jonathan Coe *Contemporary British Satire* includes chapters by leading and emerging scholars of contemporary British writing. The book features a preface by Coe himself and covers the ways in which his work grapples with such themes as class politics popular music sex gender and the media.
