Mastering Financial Accounting Essentials

Stuart A. McCrary, 2009-09-25 An indispensable hands on guide to financial accounting In light of recent accounting scandals it is critical that all financial practitioners understand and play by the rules of the accounting field Starting from the assumption that the reader is not familiar with any accounting jargon Mastering Financial Accounting Essentials presents material in a way that explains the key features of modern accounting step by step and helps you develop an intuitive understanding of accounting Each chapter presents important accounting concepts from inventory valuation methods and the timing of erosion of productive assets to how internal managers calculate ratios and trends to evaluate business efficiency For those who need to understand the language and law of this discipline in order to communicate effectively with accountants and clients Mastering Financial Accounting Essentials will be an indispensable guide

Accounting

Essentials Neal Margolis, N. Paul Harmon, 1985-10-21 Accounting Essentials 2nd Edition A Self Teaching Guide In the time it takes to commute back and forth to an accounting course Accounting Essentials Second Edition can show you how to master basic record keeping procedures and learn how to protect assets inventory and payroll all in the comfort of your own home

So it's not surprising that over 80 000 people have already used the first edition to learn the fundamentals of accounting and bookkeeping. Working at your own pace you'll become familiar with every step of a typical accounting cycle from initial transaction through the final preparation of summary statements. You'll actually teach yourself how to journalize transactions, post to ledgers and summarize information in periodic financial statements by filling in sample documents, ledger sheets and financial statements. Once you've mastered the basic procedures you'll learn how to apply them in specialized situations like merchandise accounting, payroll accounting, accounting for inventory and controlling assets. This revised edition features updated information on tax rates, taxable payroll income for FICA and an appendix showing how you can use your computer to handle common accounting transactions. More than 80 Wiley Self Teaching Guides teach practical skills from accounting to astronomy, microcomputers to math. Look for them all at your favorite bookstore.
