defined notions of the avant garde It takes into account the diversity of artistic aims and directions of the various avant garde movements and encourages a wide and open exploration of the multifaceted and often contradictory nature of the great variety of avant gardist innovations Individual essays concentrate on cubist collage and dadaist photomontage on abstract painting by members of the Dutch group De Stijl on verbal chemistry and dadaist poetry and on body art from futurism to surrealism In addition the collection wishes to open up the discussion of the avant garde to a thorough investigation of neo avant garde activities in the 1950s and 1960s For decades the appreciation of neo avant garde art and literature film and architecture suffered from a general and all inclusive rebuke This volume is designed to contribute to a breakthrough towards a more competent and more precise investigation of this research field Contributions include a discussion of Warhol s multiples as well as Duchamp s editioned readymades forms of concrete and digital poetry as well as the architectural Non Plan The main body of the volume is based on presentations and discussions of a three day research seminar held at the University of Edinburgh in September 2002 The research group formed around the Avant Garde Project at Edinburgh will continue with its efforts to elaborate a new theory of the avant garde in the coming years **After Yugoslavia** Radmila Gorup,2013-06-12

The book brings together many of the best known commentators and scholars who write about former Yugoslavia The essays focus on the post Yugoslav cultural transition and try to answer questions about what has been gained and what has been lost since the dissolution of the common country Most of the contributions can be seen as current attempts to make sense of the past and help cultures in transition as well as to report on them The volume is a mixture of personal essays and scholarly articles and that combination of genres makes the book both moving and informative Its importance is unique While many studies dwell on the causes of the demise of Yugoslavia this collection touches upon these causes but goes beyond them to identify Yugoslavia s legacy in a comprehensive way It brings topics and writers usually treated separately into fruitful dialog with one another **Neo-Avantgarde and Culture Industry** Benjamin H. D.

Buchloh,2003-02-28 Eighteen essays written by Buchloh over the last twenty years each looking at a single artist within the framework of specific theoretical and historical questions Some critics view the postwar avant garde as the empty recycling of forms and strategies from the first two decades of the twentieth century Others view it more positively as a new articulation of the specific conditions of cultural production in the postwar period Benjamin Buchloh one of the most insightful art critics and theoreticians of recent decades argues for a dialectical approach to these positions This collection contains eighteen essays written by Buchloh over the last twenty years Each looks at a single artist within the framework of specific theoretical and historical questions The art movements covered include Nouveau Realisme in France Arman Yves Klein Jacques de la Villegle art in postwar Germany Joseph Beuys Sigmar Polke Gerhard Richter American Fluxus and pop art Robert Watts and Andy Warhol minimalism and postminimal art Michael Asher and Richard Serra and European and American conceptual art Daniel Buren Dan Graham Buchloh addresses some artists in terms of their oppositional approaches

to language and painting for example Nancy Spero and Lawrence Weiner About others he asks more general questions concerning the development of models of institutional critique Hans Haacke and the theorization of the museum Marcel Broodthaers or he addresses the formation of historical memory in postconceptual art James Coleman One of the book's strengths is its systematic interconnected account of the key issues of American and European artistic practice during two decades of postwar art Another is Buchloh's method which integrates formalist and socio-historical approaches specific to each subject
