Early Twentieth-Century France Paula J. Martin, 2016-03-09 Working at the forefront of cosmetic surgery at the turn of the

twentieth century Dr Suzanne No l was both a pioneer in her medical field and a firm believer in the advancement of women Today her views on the benefits of aesthetic surgery to women may seem at odds with her feminist principles but by placing No l in the context of turn of the century French culture this book is able to demonstrate how these two worldviews were reconciled No l was able to combine her intense convictions for gender equality and anti ageism in the workforce with her underlying compassion and concern for her female patients during a time when there were no laws in place to protect women from workplace discrimination She was also responsible for several advances in cosmetic surgery a thriving industry and is today best known for her development of the mini facelift This book therefore sheds much valuable light on advances in aesthetic surgery twentieth century beauty culture women and the public sphere and the new woman *Beauty Queens on the Global Stage* Colleen Ballerion Cohen, Richard Wilk, Beverly Stoeltje, 2013-09-13 Modern beauty contests were invented by P T Barnum in the United States but in the 20th century pageants and contests have spread across the entire world from Nepal to Tierra Del Fuego Why are women and sometimes men in drag parading on stage such a universally appealing spectacle attracting an audience in the billions This book is the first global comparison of pageants from different parts of the world at the ways each contest is both intensely local and unique and simultaneously global and remarkable repetitious The authors use the latest tools of feminist ethnographic and literary scholarship to unpack and interpret one of the greatest and most universal spectacles of modern times
