Bible In The Third World Precolonial Colonial Postcolonial Encounters:

The Bible and the Third World R. S. Sugirtharajah, 2001 This is a comprehensive history of the Bible in the Third World from precolonial days to the postcolonial period It examines the work of theologians from the non Western world The volume is an invaluable guide to anyone interested in learning about the impact of the Bible on Third World cultures *The Bible and the Third World* Rasiah S. Sugirtharajah, 2001 This is a comprehensive history of the Bible in the Third World from precolonial days to the postcolonial period It examines the work of theologians from the non Western world The volume is an invaluable guide to anyone interested in learning about the impact of the Bible on Third World cultures **Postcolonial Biblical Criticism** Fernando F. Segovia, Stephen D. Moore, 2007-02-14 Postcolonial studies have made significant inroads into biblical studies giving rise to numerous conference papers articles essays and books This book offers an introduction to postcolonial biblical criticism and probes it from a number of different but interrelated angles to bring it into focus so that its promise can be better appreciated **Colonialism, Han, and the Transformative Spirit** Grace Ji-Sun Kim, 2013-04-18 Globalism colonialism and consumerism have caused unjust suffering han for the earth s exploited peoples and the exploited lands To reverse this tragedy we need to work for a safer sustainable planet and renew our inspiration from God as the transforming Spirit who gives sustains and empowers life to all The Oxford Handbook of Postcolonial Biblical Criticism R. S. Sugirtharajah, 2023 The Oxford Handbook of Postcolonial Biblical Criticism is a comprehensive treatment of a relatively new form of scholarship Generally speaking postcolonialism aims to critique and dismantle hegemonic worldviews and power structures while giving voice to previously marginalized peoples and systems of thought This approach has inevitably engaged with the text and reception of the Bible a scripture that Western colonizers introduced to and often imposed upon their colonial subjects With a globally diverse list of contributors the Handbook aims to cover the perspective and context of the authors of the Bible as well as the modern experiences of imperialism resistance decolonization and nationalism

Reset the Heart Dr. Mai-Anh Le Tran, 2017-05-02 When the BlackLivesMatter protest movement burst into dynamic action following the shooting death of young Michael Brown in the fall of 2014 in Ferguson MO a good number of clergy and lay leaders in greater St Louis sprang to action and learned anew what it took to put some feet to their prayers However as improvisational efforts continued to rally and organize churches toward the enduring work of confronting the insidious violence of systemic social injustices in their own backyard these religious leaders ran head on into a familiar yet perplexing wall the incapacity and unwillingness of their faith communities to respond In many cases the resistance was and still is fierce eerily reminiscent of the stand offs that divided religious communities and leadership in the 1960s Civil Rights era If the Church s teaching learning and practice of faith is purportedly transformative then where was it that faith when it was is needed most If good religious formation had been happening or had it then why the enduring signs of indifference paralysis apathy exasperation resistance symptoms of anesthetized moral consciousness and debilitated hope in the face of pervasive

social cultural violence The answer may come in a searing indictment that in an emerging cultural religious era in which religious identity expression and experience are increasingly pluralistic yet also politicized polarizing and racialized Christian faith communities even those of progressive theological persuasions are still held under dominant cultural captivity and fashioned by colonizing teaching strategies of disimagination such that the stories theologies and rituals practices of the faith have effectively become obstacles that anesthetize moral agency and debilitate courageous action for hope and change This book addresses the above practical concerns with three paradigmatic questions 1 What does it mean to educate for faith in a world marked by violence 2 How are Christian faith communities complicit in the teaching and learning of violence 3 What renewed practices of faith and educational leadership yield potential for the unlearning and unmaking of violence An organizing thesis drives the inquiry Thinking and teaching for violence resisting action as Christians requires an on purpose setting of our hearts in a world that violates and harms with impunity Against violent disimagination and its conscience numbing instruments Christian religious communities are being challenged to regenerate radical forms of prophetic protested faith the skills and instincts of which must be honed deliberately This occurs through intentional and strategic forms of public consciousness raising for the sake of participation and action an action that moves toward and is fueled by critical insurrectional resurrectional hope

Postcolonial Theologies Stefan Silber, 2024-08-23 Postcolonial and decolonial studies are generating more and more interest In the last two decades a diverse reception of these critical ways of thinking has developed worldwide including in theology This textbook aims at providing a fundamental insight into this diverse movement that is discussed globally In recent years various attempts have developed in different contexts and language areas around the world to make the learning progress of postcolonial studies fruitful for theology This introduction takes up many of these examples and organizes them according to a structure based on central terms and methods of postcolonial studies Numerous examples literature references and featured authors encourage readers to delve deeper into individual subject areas and or authors Finally the book is also dedicated to possible consequences for theology and the church in Western contexts

Tribals, Empire and God Zhodi Angami, 2017-04-06 Tribal biblical interpretation is a developing area of study that is concerned with reading the Bible through the eyes of tribal people While many studies of reading the Bible from the reader's social cultural and historical location have been made in various parts of the world no thorough study that offers a coherent and substantive methodology for tribal biblical interpretation has been made This book is the first comprehensive work that offers a description of tribal biblical interpretation and shows its application by making a lucid reading of Matthew's infancy narrative from a tribal reader's perspective Using reader response criticism as his primary method Zhodi Angami brings his tribal context of North East India into conversation with Matthew's account of the birth of Jesus Since tribal people of North East India see themselves as living under colonial rule a tribal reader sees Matthew's text as a narrative that actively resists and subverts imperial rule Likewise the tribal experience of living at the margins inspires a tribal reader to

look at the narrative from the underside from the perspective of those who are sidelined ignored belittled or forgotten Tribal biblical interpretation presented here follows a process of conversation between tribal worldview and Matthew s narrative Such a method animates the text for the tribal reader and makes the biblical narrative not only more intelligible to the tribal reader but allows the text to speak directly to the tribal context *Power and Responsibility in Biblical Interpretation* Alissa Jones Nelson,2014-10-14 Power and Responsibility in Biblical Interpretation addresses the interpretive challenges now facing much biblical interpretation Incorporating the methodologies of poststructuralism postcolonialism and liberation theology the study presents a possible methodology which integrates scholarly and vernacular hermeneutics The approach is based on the theories of Edward Said adapting his concept of contrapuntal reading to the interpretation of Job The book sets this study in the broader context of a survey of current work in the field The analysis of Job examines the possibilities for dialogue between those interpretations that view suffering as a key theme in the book and those that do not Interpretations of the Book of Job are then compared to the psychology of suffering as experienced in various contexts today The conclusion argues for pedagogical reform based upon the ethical and interpretive insights of contrapuntal hermeneutics *The Bible and Empire* R. S. Sugirtharajah,2005-09 Sugirtharajah explores the complex relationship between the Bible and the colonial enterprise
