B S for short It describes his seven month long struggle for life in Intensive Care after receiving a grim prognosis and his subsequent dogged determination to overcome the effects of that disease The second part is devoted to short stories based on dreams and hallucinations experienced whilst he was in Intensive Care which in themselves reveal something of what a patient was going through They also serve to illustrate the narrow boundary between reality and the dream world and which whilst making for entertaining reading could possibly be the subject of further study Although the Author is a layperson in medical terms it is believed this book will be an important aid to medical professionals and care givers providing as it does new insights and a unique perspective on the effects not only of the disease Guillain Barr Syndrome but also of the handling and care of any long term intensive care patient and their subsequent rehabilitation For the curious it will answer many questions For G B S patients and their families it should provide inspirational reading The foreword to the book has been written by Dr Frank Warshawski MD FRCP Director of Intensive Care Rockyview General Hospital Calgary In addition to that prestigious involvement the Author has been fortunate in receiving permission to use other material authored by exceptionally well qualified medical professionals for which due credit is given in the Acknowledgements section of the book enabling him to produce not only an interesting publication but an informative and educational one In short a must read and deserving of a place on any medical bookshelf A Haven for Her Heart (Redemption's Light Book #1) Susan Anne

Guillain-Barré Syndrome Brian S. Langton, 2006-07 This book is about three people from different walks of life each of whom experienced a life changing episode of Guillain Barr Syndrome Three dramatic stories in one Firstly a story of the Author's remarkable almost complete recovery following his encounter with the syndrome It is a frank and personal account of his struggle to regain much of what he had lost in bodily function during one year of hospitalisation It should provide inspiration and possibly answer so many questions typically asked by others afflicted with this syndrome Secondly case studies written by two co author contributors one a Calgary Veterinarian and mother of two the other a retired Vancouver resident who was struck with Guillain Barr Syndrome whilst shopping for a boat in England There is no single answer to the question as to how life may change after recovery from this disorder Each case appears to be unique That is why I have chosen to include not just a record of my partial recovery but also the recovery record of two additional people each different

from one another's and each certainly different from mine Author's Preface We eventually identified a boat only three feet short of what we had wanted that was within our budget At this point Heather's brother who lived nearby said he would like a share in the boat to which we agreed During this discussion in his house I had to ask him to refrain from smoking as my throat was quite sore I was feeling rather run down and often felt cold About the same time on a Saturday I felt a tingling in the finger tips of my left hand and found they were a bit swollen I mentioned it to Heather but it did not seem serious It was however the first sign that I had contracted GBS If only I had known the treatment might have been started earlier Patrick Hill Probably the worst face of Guillain Barré Syndrome is the effect it has on loved ones Severe or not chronic or not it matters little to the supporting family at the bedside of a patient Fear puzzlement and apprehension are all experienced by the loved ones Reading the case histories of Sarah and Patrick one learns how their spouses also suffered many frightening experiences but in spite of all that they remained obviously without second thought hesitation or doubt True to their marriage vows they provided so much love care and support That was the shared experience among the three of us Author Epilogue **Documents of the Assembly of the State of New York** New York (State).
