Bed Who Ran Away From Home:

Not By Chance By Choice Desmond Richardson, 2020-08-26 The word hope takes on a new definition under the idea of no limitations but this world has a way of delaying someone's hope Endless nights of unceasing prayer from the people of this land and yet with all these ideas on unity we cannot seem to get it together We put our hopes in visions and signs and we spend our nights waiting on our every word to come to pass We do all these to bring about a better future This book explains why our hopes have been delayed why life never seems to go according to plan This book uncovers secrets in life that have been kept from us but now I hold these secrets hostage and give them back to the people Even more this book shows us healing My zeal for my ambitions always put me in tough positions It was a point in my life when I was hearing voices my hands would not stop shaking my stomach was in constant pain and my vision was blurred My pride would not let me ask for help to recovery but in my sickness secrets came about Two year later I am healed I am now a small business owner an author and a college degree holder After you read this book I hope you come to understand that life is not by chance but by choice and the choices someone makes will make them
