Raymond, 2017-04-30 We all have Nonconformist ancestors In the mid nineteenth century almost half of the English population were Nonconformists And there were very few villages where there was not at least one Nonconformist chapel Local and family historians need to be aware of the diversity of Nonconformity and of the many sources which will enable them to trace the activities of Nonconformist forebears Stuart Raymond's handbook provides an overview of those sources He identifies the numerous websites libraries and archives that local and family historians need to consult These are described in detail their strengths and weaknesses are pointed out and

the contribution currently made by the internet is highlighted Most Nonconformist denominations are discussed not just the mainstream Presbyterians Congregationalists Quakers and Methodists but also obscure sects such as the Muggletonians and Glasites and even the two groups who regularly appear on our doorsteps today Jehovahs Witnesses and the Mormons The religious activities of our Nonconformist ancestors tell us a great deal about them and provide fascinating insights into their lives

**Berkshire Nonconformist Meeting House Registrations, 1689-1852** Lisa Spurrier, 2005      **Baptist Autographs in the John Rylands University Library of Manchester, 1741-1845** Timothy D. Whelan, 2009 This book offers the student of English Baptist history 1741 1845 access to a remarkable archive of Baptist letters found in the collections of the John Rylands University Library of Manchester of which only a handful have ever been seen before Not only do these letters add greatly to our understanding of Baptist history during these years but the biographical footnotes and glossary of names included in the book provide an invaluable resource tool for students who do not have the opportunity to conduct archival research The most striking aspect of the Baptist correspondence in the Raffles Collection are the seventy five letters addressed to John Sutcliff 1752 1814 Baptist minister at Olney 1775 1814 This book also provides identifications of more than 850 individuals including 480 Baptist ministers missionaries and laypersons of which nearly 300 can be found in the biographical glossary at the end of the volume The remaining individuals are primarily ministers of other denominations political figures merchants and writers of which approximately ninety can be found in the glossary No other volume in print provides students of Baptist history with such a resource for biographical information on Baptist ministers missionaries and laypersons from this period The publication of this book also establishes the John Rylands University Library as one of the more significant depositories of Baptist archival materials especially as related to the workings of the Baptist Missionary Society within the United Kingdom

**Bedfordshire Churches in the Nineteenth Century** Bedfordshire Historical Record Society, 1998      **T&T Clark Companion to Nonconformity** Robert Pope, 2013-11-21 Protestant Nonconformity the umbrella term for Congregationalists Presbyterians Baptists Methodists and Unitarians belongs specifically to the religious history of England and Wales Initially the result of both unwillingness to submit to the State s interference in Christian life and a dissatisfaction with the progress of reform in the English Church Nonconformity has been primarily motivated by theological concern ecclesial polity devotion and the nurture of godliness among the members of the church Alongside such churchly interests Nonconformity has also made a profound contribution to debates about the role of the State to family life and education culture in general trade and industry the development of philanthropy and charity and the development of pacifism In this volume for the first time Nonconformity and the breadth of its activity come under the expert scrutiny of a host of recognised scholars The result is a detailed and fascinating account of a movement in church history that while currently in decline has made an indelible mark on social political economic and religious life of the two nations
