

BIBLIOGRAPHICAL INTRODUCTION

This note reviews some of the key studies which bear upon the themes of *Crusading Warfare*. Smail's approach to his subject has provided the framework for my survey.¹

PRIMARY SOURCES

There have been a number of new editions of relevant sources. For the First Crusade, there are the anonymous *Gesta Francorum*² and Raymond of Aguilers' *Historia*.³ Smail had had to use nineteenth-century editions of both of these works. The account of another writer on the First Crusade, Peter Tudebode, has also been published in a new edition.⁴ All three of these sources are important because the authors were eye-witnesses to the events, including military engagements, which they described. Another eye-witness, from later in the twelfth century, was William, the archbishop of Tyre. A valuable new edition of his work has been published by Robert Huygens.⁵ Part of what has, until now, been treated as a variant of 'Eracles', the Old French translation and

¹ So far as the Crusades are concerned, I therefore deal only with those expeditions which journeyed to the Holy Land and not the many others which, recent scholarship has shown, were similarly regarded by contemporaries as Crusades. For a summary of current thinking, see J. S. C. Riley-Smith, *What Were the Crusades?* (London, 1992).

² *Gesta Francorum et aliorum Hierosolimitanorum*, ed. R. Hill (London, 1962).

³ Raymond of Aguilers, *Liber*, ed. J. H. and L. L. Hill (Paris, 1969).

⁴ Peter Tudebode, *Historia de Hierosolymitano itinere*, ed. J. H. and L. L. Hill (Paris, 1977).

⁵ William of Tyre, *Chronique*, ed. R. B. C. Huygens (*Corpus Christianorum, Continuatio Mediaevalis*, 63, 63A) (2 vols., Turnhout, 1986). There is a considerable body of literature devoted to the career and writings of William of Tyre. P. W. Edbury and J. G. Rowe, *William of Tyre. Historian of the Latin East* (Cambridge, 1988), is the best recent study. The authors looked at William as an historian and, then, what his writings revealed about his attitudes.
